COLLECTION OF
Two Each (14 Bulbs) . . . $1.00
Six Each (42 Bulbs) . . . $2.75
Twelve Each (84 bulbs) $5.00
**GENERAL DIRECTIONS TO OUR PATRONS**

**SEEDS BY MAIL**

**IMPORTANT NOTE**—The weight limits in the 1st, 2nd and 3rd zones have been increased to 70 pounds; in other zones the limit is now 50 pounds.

**Parcels Post** — Since the installation of the new parcel post law seeds, bulbs, tools, plants and garden supplies (excepting poisons and liquids) may be sent by mail to all parts of the United States, including Alaska, Canal Zone, Guam, Hawaii, Porto Rico and the Philippines. Packages are subject to a limit of maximum weight in the first and second zones of 50 pounds; in all other zones of 50 pounds. The maximum size of a package is 84 inches for length and largeness of the girth combined.

**Zone Rates** — May be had by applying to your postmaster, who will tell you which zone you are in with reference to Los Angeles or upon application we will tell you if you supply us with the name of your postoffice.

For Parcels Weighing 8 Ounces or Less, containing seeds, bulbs or books only, the rate of postage to all zones is 11/2 cents for 2 ounces or fraction. (Over 8 ounces the parcel post rates apply.)

On shipments weighing 20 pounds or more beyond the 2d postal zone it is cheaper to ship seeds by express. As the express companies give a receipt for each package, it amounts practically to insurance without cost, whereas it costs extra, according to value, to insure a parcel post package. We guarantee the safe arrival in the U. S. of all seeds shipped by express or insured parcel post.

To foreign countries the parcel post rate is 14 cents per lb. Registration where possible is 10 cents. O. D. orders can now be sent to Mexico.

**FREE DELIVERY**

**FOR CERTAIN QUANTITIES OF SEEDS**

*We Deliver Free in the United States and Possessions, and Mexico, by Parcel Post or Express to any express office at our option all vegetable and Flower Seeds by the Packet, Ounce and 1/2 Pound, and up to and including ten pounds. All other articles, including bulbs, are quoted f. o. b. Los Angeles and postage must be added as per table at the right where goods are desired by parcel post.*

Purchasers pay transit charges on larger quantities of seeds, and other merchandise, unless otherwise provided.

**Please Order Early,** thus enabling us to forward promptly. It will hasten forwarding materially, if customers will kindly make up orders alphabetically, as the goods are listed that way in the catalogue. Seeds are also put in compartments in our stores alphabetically, hence an order can be filled more quickly if it is made out in that manner.

**Counter Customers** — We suggest to those who purchase in person at our store the advantage of having their lists made out before they come. They may be left and called for later, taken at once, or shipped. In any case it is a great saving of time to the purchaser. The list should have full name and address written on it so that our catalogues may be mailed to the purchaser as issued. We always urge early purchases.

**Error in the Filling of Orders** — We use the greatest care in filling, checking and packing orders. Yet should anything be omitted we will promptly forward when advised. Keep a duplicate copy of your order for comparison.

**Remittances** may be made by Express Money Order, P. O. Money Order or Bank Draft; if stamps or cash send in a Registered Letter.

**We must decline sending goods C. O. D. unless 25 per cent. of their value accompanies the order.**

**Accounts** — Parties having no account with us — who order goods without remittance — must furnish satisfactory reference.

**NON-WARRANTY**

The Germain Seed and Plant Company gives no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of seeds, bulbs, plants or trees they send out, and they will not be responsible in any way for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

**Testimonials from Customers** — We are always pleased to hear from our customers regarding the results of their gardens. Photographs of gardens, particularly of vegetables and flowers, are thankfully received by us.

**Questions and Correspondence** — We endeavor to answer promptly all letters of inquiry — which should be on separate paper from orders — but we cannot undertake the planning of entire gardens and grounds.

An Invitation
to visit Our New Store and Nursery
in North Hollywood

12 Acres of Shrubs, Plants and Flowers
You will be delighted by a visit to the new Germain nursery and seed store in North Hollywood. Besides a complete line of bulbs and seeds, there are on hand plants, shrubs, roses and trees in various stages of growth, ready to plant for the beautification of your home or estate:

Rare Plants from All Over the World
Rare flora from many parts of the world thrive in our Southern California climate. Through their world-wide connections Germain's can offer these exotic plants and shrubs for your selection. See them growing at the new nursery

A Complete Line
No matter what you are going to plant, you will find the seed, seedling, bulb, plant, or tree at Germain's, and there is a complete representation of Germain's stock at the North Hollywood nursery and seed store.

GERMAIN'S
SIXTH AND MAIN • LOS ANGELES
ETHEL AVENUE, BETWEEN OXNARD AND VICTORY
NORTH HOLLYWOOD
Germain's Famous Darwin TULIPS

The following general collection of famous Darwin Tulips is composed of the finest varieties specially selected from a large assortment of the most beautiful sorts in cultivation. They combine with a rare perfection of form the most pronounced and brilliant colors as well as many charming and delicately blended softer shades.

Afterglow—Deep rosy orange tinted salmon, inside deep orange, very showy and beautiful. 20c each; $2.00 per dozen; $15.00 per 100.

Bartigon—Fiery red, large and brilliant, one of the best of its color. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

Bleu Aimable—Soft bluish lilac. A delightful flower of perfect form. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

Cententaire—Rich rosy pink. Large and sturdy. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

City of Harlem—Immensely vermillion scarlet with blue-black base, edged white. 25c each; $2.50 per dozen; $18.00 per 100.

Faust—Enormous blue-black. Three bulbs for 40c; $1.50 per dozen; $11.00 per 100.

Harry Veitch—Rich dark red, blue base. Immense blooms on stout stems. Extremely brilliant color and very popular. Four bulbs for 25c; 75c per doz.; $5.50 per 100.

King George V—Remarkably beautiful new cerise red, of very large size. 25c each; $2.50 per dozen; $18.00 per 100.

King Harold—Deep blood red, white base. A flower of great beauty; perfect in form and of large size; one of the finest red sorts. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

La Tulipe Noire—The finest “black” tulip; large flower with velvet sheen. Very remarkable for its extremely dark color which is both striking and unusual. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

Marconi—Large purple violet with white center. The flowers are large and well formed, the color tone rich and beautiful. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

Marnise Van St. Aldegonde—A very pleasing shade of orange. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

Petrus Hondius—Extra large and showy, bright carmine rose. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

Princess Elizabeth—Large flower; soft rich rose toning to silvery pink. Inside deep rose with white center. Three bulbs for 25c; $1.00 per doz.; $7.50 per 100.

Professor Rauvenho—Bright cherry red shaded salmon, strong grower. Brilliant and very effective. Three bulbs for 25c; $1.00 per doz.; $7.50 per 100.

Psyche—Soft rose, silvery rose inside, base tinted blue, long stem. A fine flower. Three bulbs for 25c; $1.00 per doz.; $7.00 per 100.

White Queen (La Candeour)—Glistening white with but a faint tinge of blush. Four bulbs for 30c; 90c per doz.; $6.50 per 100.

Wm. Pitt—Immensely scarlet red with broad white flakes. Three bulbs for 35c; $1.25 per doz.; $9.00 per 100.

Darwin Tulips in Choice Mixture—The finest grade of mixed tulips procurable, containing an almost endless variety of colors. Three bulbs for 20c; 75c per doz.; $3.50 per 100.

Special Assortment—We will send an assortment of two each of the above 18 sorts but not individually wrapped or named (36 bulbs) for $3.00.

For Bulb Planting Chart [1] Refer to Page Nine
Select Mayflowering or Cottage Garden Tulips

A strain of rare beauty. The large, graceful flowers are quite distinct from the Darwin and other sorts offered, being composed of long pointed or oval petals usually reflexed. They appear in the most brilliant shades, including vivid red, rich golden yellow, rose, pink, crimson, picotee, etc. They are late flowering extending their blooming season even beyond that of the Darwin and breeder type. Due to their extreme hardiness they are especially adapted for the permanent hardy flower border. The flowers are of excellent texture and long stemmed and are ideal for cutting. In solid beds or masses, their exceedingly bright shades are unusually effective.

In planting the bulbs should be set well down, the tops being not less than 6 inches below the surface.

Bouton D’or or Golden Beauty—Pure golden yellow, rich and well formed. A remarkably fine bedding variety.

Gesneriana Major (Spathula)—True, rich crimson scarlet with blue black center. A superb variety of large, yet graceful growth. Flowers unusually fine for cutting. One of the best of its color for large plantings, especially with yellow or white.

Gesneriana Lutea—Clear bright yellow and a favorite both as a cut flower and for the garden.

Inglescombe Pink—Delicate rose pink, tinted salmon, exquisite in form and coloring.

John Ruskin—Salmon rose, edged lemon yellow. A lovely and unique color combination.

Moonlight—Very large, beautifully formed flowers of a delicate tint of primrose yellow.

Mrs. Moon—Large rich yellow, blooms long and pointed; reflexed. A splendid flower. This is beyond doubt the finest late yellow tulip in existence. Distinctly perfumed.

Orange King—Superb glowing orange shaded scarlet with yellow center and black anthers.

Parisian Yellow—Clear yellow, long considered one of the finest of yellow cottage tulips.

Picotee (Maiden’s Blush)—White, margined carmine rose, greatly admired and popular.

Shandon Bells—(Isabella or Blushing Bride). Color, primrose flushed rose, changing to rosy red.

Price, any of the above: 3 bulbs for 25c; $1.00 per dozen; $7.00 per hundred.

Mixed—A high grade mixture containing all colors known in tulips, suitable for bedding and border planting. 75c per dozen; $5.50 per hundred.

Bedding Assortments Darwin Tulips

Suitable for bed 2 ft. by 6 ft. or circular bed 4 ft. across.

(a) 26 Lavender Darwin Tulips 52 Bulbs, $2.65
(b) 26 Red Darwin Tulips 52 Bulbs, $2.65
(b) 26 Yellow Darwin Tulips 52 Bulbs, $2.65
(c) The two above assortments 104 Bulbs, $5.00

“Crowd between the groups of Hyacinths mats of snowy Arabis Alpina, tufts of Wallflower, purple Pansies, and some long-stemmed yellow Tulips, and you will have created a spring picture worth coming far to see.”—Hugh Findlay.

Tulips are Splendid [2] for the Hardy Border
Germain's Rare Old Dutch or Breeder Tulips

Beautiful in the extreme are these wonderful old Dutch tulips. Their luminous glowing color tones are at once the delight and despair of the artist who may seek to reproduce them. Rich, warm shades of Bronze and Terra Cotta are deftly blended with Heliotrope or Purple, there are suffusions of Apricot, Mauve or Brick Red done with an artistry no brush can imitate. They have become exceedingly popular of late and have been given great prominence in strictly up to date gardens. They are very similar to the Darwin type in their tall, strong growth and bloom about the same time, but have an entirely different range of colors, comprising many artistic tones not found in any other strain.

Bronze Queen—Bronze buff, tinged apricot inside golden bronze. Very handsome flowers of large size and exceptionally good for cutting. 3 for $1.25; $1.25 per dozen; $8.50 per 100.

Cardinal Manning (or Kingscourt)—Claret-red, edged with rosy bronze, a curious blending. Beautiful flower of finest texture. 3 for 25c; $1.00 per dozen; $7.50 per 100.

Dom Pedro—Very distinct, coffee brown shaded maroon; inside mahogany red. One of the finest. 2 for 25c; $1.50 per dozen; $11.00 per 100.

Fairy (or Panorama)—Terra-cotta and bronze, very large, handsome flowers of splendid form. 3 for 35c; $1.25 per dozen; $8.50 per 100.

Godet Parfait—Large flower of heavy texture, lasting well in perfect condition. The color is a glowing plum-violet, with white base. 2 for 25c; $1.50 per dozen; $11.00 per 100.

Lord Curzon (or La Sanguine)—A novel sort, silvery white heavily flushed and striped cherry red. 2 for 25c; $1.50 per dozen; $11.00 per 100.

Louis XIV.—A new and wonderful tulip, color royal purple with bronze suffusion and golden brown margin. Held to be the most striking of all. Each 20c; $2.00 per dozen; $15.00 per 100.

MacMahon (or Turenne)—Bronze-violet, margined bronze-yellow, yellow base. Flowers of good size on tall straight stems. 2 for 25c; $1.50 dozen; $11.00 per 100.

Medea—Crushed strawberry, shaded heliotrope, yellow center. A very pretty coloring. Most attractive flowers of large size. 3 for 35c; $1.25 per dozen; $8.50 per 100.

Prince of Orange (or Sunset)—Very vivid color, orange terra-cotta with bright orange border. An excellent and brilliantly colored variety. 2 for 25c; $1.50 per dozen; $11.00 per 100.

Yellow Perfection—Lovely golden yellow with light bronze shadings. A beautiful yellow tulip of a most attractive shade. 3 for 35c; $1.25 per dozen; $8.50 per 100.

Choice Mixed—A splendid mixture, many fine varieties. 3 bulbs for 25c; $1.00 per dozen; $7.50 per 100.

Assortments

The Breeders form a splendid tulip group which is worth knowing well; one of the best ways of becoming acquainted with them is to grow one of the following collections:

3 each of the 11 sorts listed, 33 bulbs . . . $3.75
6 each of the 11 sorts listed, 66 bulbs . . . 6.75
12 each of the 11 sorts listed, 132 bulbs . . . 13.25
Or we will send an assortment of one bulb of each sort not individually labeled for 1.25

Odd Old Dutch Tulips

Rembrandt Tulips—Delicate shades with stripes and flames of darker colors. Beautiful combinations. 3 for 30c; $1.00 per dozen; $7.00 per 100.

Parrot Tulips—These do not grow tall like the foregoing, unfortunately, but they are always popular. The flowers are fringed, corrugated and curiously twisted and oddly variegated in color. 4 for 30c; 75c per dozen; $5.50 per 100.

Double Tulips

The double tulips belong to the early flowering class. They are excellent for pot culture, especially in jardinières with bulb fibre. In the garden they succeed best in shaded locations and last well when cut.

Mixed Colors: 3 for 30c; $1.00 per dozen; $7.00 per 100.
Germain's Select Narcissus and Jonquils

Double Narcissus or Daffodils

The double daffodils have a peculiar charm all their own. They are totally distinct from the Trumpet varieties and very popular both for cutting and garden culture.

Golden Phoenix—Double light yellow with deep golden center. 25c each; $2.50 per dozen; $18.00 per 100.

Orange Phoenix—(Eggs and Bacon). Large double white, orange base. 25c each; $2.50 per dozen; $18.00 per 100.

Von Sion—The ever popular double yellow daffodil. 15c each; $1.50 per dozen; $11.00 per 100.

Narcissus Poetaz

Frans Hals—Pure white perianth and deep yellow eye—very free flowering and fine for forcing. 20c each; $2.00 per dozen.

Achelous—A new extra early pure white variety, excellent for cutting. 15c each; $1.50 per dozen.

Helios—Early and good for forcing. Flowers pure yellow and sweet. 20c each; $2.00 per dozen.

Laurens Koster—A popular poetaz variety, very free blooming and an excellent cut flower. Petals pure white with rich orange-yellow cup. 10c each; $1.00 per dozen.

Jonquil

A species of Narcissus with very fragrant flowers; excellent for cutting. Culture same as for Narcissus.

Campernelle Regulosus—The largest and finest single Jonquil; color pure yellow; very fragrant. 15c each; $1.50 per dozen; $11.00 per 100.

Odorous Plenus—(Double Campernelle). Double, rich yellow flowers of elegant form. 15c each; $1.50 per dozen; $11.00 per 100.

Sweet Scented (N. Jonquilla)—A pretty miniature daffodil or jonquil, native of Spain. It has long been a favorite in gardens and is highly prized for cutting, the flowers being very freely produced. They are of a clear deep yellow and are intensely fragrant. The bulbs multiply readily and thrive well in our climate. Four bulbs for 25c; 75c per dozen; $5.00 per 100.

Polyanthus Narcissus or Nosegay Daffodils

Grand Soleil d'Or—Yellow, orange cup, excellent for early forcing, can be grown in water. 20c each; $2.00 per dozen; $14.00 per 100.

Grand Primo—White with yellow cup, large flower. 15c each; $1.50 per dozen; $10.00 per 100.

Paper White—Will flower in water as quickly and easily as the Chinese Lily. Large bulbs. 15c each; $1.50 per dozen; $10.00 per 100. Good flowering size, 10c each; $1.00 per dozen; $7.50 per 100.

Chinese Sacred Lily—A species of Narcissus well known here; very fine for window decoration, grown in water.

Extra Large Size: 25c each; $2.50 per dozen; $18.00 per 100.

First Size: 15c each; $1.50 per dozen; $10.00 per 100.

Poet’s Narcissus

(Narcissus Poeticus)

Poeticus—The old favorite Pheasant’s Eye or Poet’s Narcissus. Snowy white flowers, with yellow cup margined with red. Odor rich and spicy. 15c each; $1.50 per dozen; $11.00 per 100.

Poeticus Ornatus—Pure white perianth with broad cup delightfully edged scarlet. 15c each; $1.50 dozen; $11.00 per 100.

Lily of the Valley

For Quick Indoor Forcing

(Imported Pips)

Lily of the Valley Pips are just as easy to force in the home as the well-known paper white narcissus and Chinese lily, and they are even quicker, blooming in less than 20 days.

Place a few pips in bulb fibre or sand and keep moist, that is all. Price, 3 for 25c; 1.00 per dozen; $7.00 per 100.

Bulb Bowl With Lily of the Valley

We will send postpaid a handsome bulb bowl filled with six Lily of the Valley Pips planted in fibre (needs only a little water to start growing and will bloom in a few days). Bowls come in dark blue, green and ivory.

Special price, $1.25, postpaid.

Lily of the Valley are fine for indoor forcing.
Germain's Peerless Northern Grown Daffodils

From the cool fertile valleys of the northern Pacific Coast where Germain's choice daffodils are now being grown, we have received a large supply of very fine bulbs comparable for all garden purposes to the best importations formerly received from our Holland growers. These bulbs have been tried and tested by us in comparison with other stocks received from various parts of the United States and we gladly recommend them to all our customers.

Culture—Plant from October to January, covering the bulbs from 5 to 8 inches. They will thrive in any good garden soil. If this can be enriched with some well rotted manure or bone meal, so much the better, but do not dig in fresh manure. Plant six inches apart.

They are valuable for pot culture and indoor decoration. Grown in bulb fibre any dish or jardiniere will do as no drainage is necessary. Keep fibre moist at all times, never sodden.

New Giant Flowered Varieties

Reserve—Undoubtedly one of the finest and largest daffodils in existence. The perfectly formed all yellow flowers are freely produced on tall strong stems.

Olympia—Enormous blossoms of a most effective yellow and lemon tone. A superb new daffodil.

King Alfred—A real king among daffodils; uniform gold yellow, of great size and beauty. Trumpet recurved and fluted.

Van Waveren’s Giant—The grandest of all bicolors. Petals primrose with bright yellow trumpet. One of the largest and finest in cultivation.

Robert Sydenham—A truly remarkable introduction. Immense in size, clear bright yellow in color, wide open trumpet with deeply frilled rim. 50 each; $5.00 per dozen; $37.50 per 100.

The above, except where noted, 35c each; 3 for $1.00; $3.75 per dozen; $27.50 per 100.

Large Trumpet Daffodils

Trumpet Major—A shapely flower of good size, a rich yellow throughout. An early bloomer, good for garden use or forcing. 15c each; $1.50 per dozen; $11.00 per 100.

Cervantes—A favorite variety for bedding or naturalizing; perianth cream, trumpet rich yellow. 15c each; $1.50 per dozen; $11.00 per 100.

Glory of Sassenheim—A truly glorious variety, one of the finest of the giant Trumpet daffodils. The large Trumpet is rich yellow with pale lemon yellow perianth. Robust in growth producing strong stems; and of the easiest culture. 25c each; $2.50 dozen; $18.00 per 100.

Minister Talma—A very beautiful new early daffodil. It is in bloom frequently before the famous early golden Spur and the flowers are much superior to the older variety. The massive blooms held high on solid stems are of a rich golden yellow color. 25c each; $2.50 per dozen; $18.00 per 100.

Emperor—Brilliant yellow trumpet, perianth deep primrose yellow. Flowers very large, splendid garden variety and beautiful cut flower. 20c each; $2.00 per dozen; $14.00 per 100.

Empress—A magnificent variety, perianth white, of great substance, trumpet rich yellow, one of the best. 20c each; $2.00 per dozen; $14.00 per 100.

Golden Spur—Deep golden yellow flowers; the best early flowering variety. 20c each; $2.00 per dozen; $14.00 per 100.

Golden Beauty—A splendid daffodil with white petals and soft golden trumpet. 15c each; $1.75 per dozen; $12.50 per 100.

Large Trumpet Daffodils Mixed. This very choice mixture contains some of the best large trumpet daffodils in all the various shades of yellow, and offers a splendid opportunity to establish a good sized bed or larger planting at very moderate cost. $1.25 per dozen; 50 bulbs for $4.75; $9.00 per 100.

Medium Trumpet Daffodils

Also known as Chalice Cup or Star Narcissus

This class is very beautiful and graceful in form. The following sorts are among the best of this type and are adapted for pot culture as well as garden use. They are of free and easy growth and multiply rapidly.

Barri Conspicuous—Yellow with orange cup. 15c each; $1.50 per dozen; $10.00 per 100.

Sir Watkin—Yellow, the largest and finest of the “incomparable” type. 15c each; $1.50 per dozen; $11.00 per 100.

Leeds Evangeline—An exquisite flower with broad pure white overlapping petals and dainty cup, prettily crinkled, of a beautiful pale canary yellow. Free blooming and fine for cutting. 15c each; $1.50 per dozen; $11.00 per 100.
GERMAIN'S
IMPORTED Dutch Hyacinths

Classed with the most popular of all imported bulbs, the hyacinth has held a very prominent place in the parks and gardens of America for many years and is ever gaining in favor. The tall spike well furnished with delicate waxy bells is too widely known to need further description. Its well balanced and symmetrical growth lends itself ideally to formal planting, few bulbs being used with such good effect for bedding. In the border, planted in groups, the hyacinths are welcome companions with dwarf iris, tulips, etc. and their flowers are as fragrant as they are beautiful.

Top Root Exhibition Hyacinths

These bulbs are of extraordinary size measuring frequently 19 centimeters in circumference. They produce exceptionally strong spikes of enormous size and are ideal for forcing and for growing in Hyacinth glasses. Varieties listed below may invariably be found among the winning entries at the various Exhibitions.

General de Wet—Very fine light rose, a pink form of the popular lavender blue variety "Grand Maitre".

Gertrude—Carmine rose, large spike, a compact grower of a deep rose color, sometimes described as light red.

Lady Derby—Bright rose pink, an excellent variety for pot culture, producing a remarkably fine large spike.

La Victoire—Bright glistening deep carmine red, an excellent exhibition variety.

Roi des Belges—Deep red. Makes a good spike and is probably the best of this color.

Moreno—Bright pink, large bells, an improved form of Norma. The large spikes produce bells in greater number and of a brighter shade of pink.

La Grandes—Pure white, splendid spike.

L’Innocence—Pure white extra large truss. The best all-round white hyacinth for all purposes, forces well and is equally good for bedding.

Duke of Westminster—Dark purple bells with white eye. Good strong spike. A most attractive variety.

Lord Balfour—Purplish violet, large, broad spike, dark stem and heavy foliage. Showy and distinct.

Queen of the Blues—Beautiful pale azure blue in color, and perfect in form. Always popular.

King of the Blues—Dark blue. Considered one of the finest of the rich, deep blue sorts.

City of Haarlem—Bright golden yellow. A most attractive variety. Flower large and strong.

Yellow Hammer—Pure yellow, early and a favorite with many.

Mixed—Assorted from finest named varieties.

Price: Any of the above, 30c each; 4 for $1.00; $3.00 per dozen; $22.00 per 100. One each of the 15 Exhibition varieties for $3.75.

"If I had two loaves of bread, I would sell one of them and buy white hyacinths."—MAHOMET.
LARGE FLOWERING Named Hyacinths

These plump, large sized bulbs send up large full spikes, rivalling those of the "top roots." They can be safely recommended for growing in pots or glasses and for high class bedding. The results obtained for all purposes have been most gratifying.

The ten varieties offered are everywhere in general demand and may be relied upon to give complete satisfaction.

General De Wet—Splendid light rose.
Gertrude—Carmine rose or light red.
Lady Derby—Excellent bright rose pink.
Moreno—Improved bright pink.
L'Innocence—Most popular white variety.
King of the Blues—Dark blue, one of the favorite blue sorts.
Queen of the Blues—Pale blue, a perfect azure blue.
City of Haarlem—Fine bright golden yellow.
Choice Mixture: All the above colors in fine mixture.
Price: Any of the above 20c each; 3 for 50c; $2.00 per dozen; $15.00 per 100.
One each of the ten sorts for $1.75.

Germain's "Sunset" Named Hyacinths

These are the same high grade named varieties offered in good sized bulbs and may be depended upon to produce fine results. They are excellent for growing in pots or boxes in doors or used for bedding in the open with charming effect. An opportunity to enjoy these splendid and fragrant spring flowers at very reasonable cost.

General De Wet—Light rose.
Gertrude—Carmine rose.
La Victoire—Carmine red.
Lady Derby—Rose pink.
Moreno—Bright pink.
L'Innocence—Pure white.
Grand Maitre—Porcelain blue.
King of the Blues—Dark blue.
Queen of the Blues—Azure blue.
City of Haarlem—Yellow.
All colors. Choice mixed.
Price: Any of the above 15c each; 4 for 50c; $1.50 per dozen; $11.00 per 100.

Named Double Hyacinths

The double Hyacinths are not as popular as the single sorts and we offer only a few varieties which we consider the best and well worth growing.

Noble par Merite—Pink, extra fine. Each 30c; $3.00 dozen; $22.00 per 100.
President Roosevelt—Bright rosy red. Each 30c; $3.00 dozen; $22.00 per 100.

Crocus

Crocus require very little attention and they are one of the first flowers to bloom in the Spring. Planted in masses or 3 or 4 rows arranged in a border, they are very effective. They must not be planted more than one inch deep for if planted too deeply they sometimes fail to bloom. Crocus are often planted in the lawn where they come up very early in the Spring and are practically over blooming before the lawn needs much mowing. This method is more popular in the east and if tried here it had best be done where there is some shade. They are ornamental when flowered in pots.

Cloth of Gold—Golden yellow and brown. Each 5c; 50c dozen; $3.50 per 100.
Montblanc—Pure white. Each 5c; 50c dozen; $3.50 per 100.
President Lincoln—Deep purple. Each 5c; 50c dozen; $3.50 per 100.
Sir Walter Scott—White, striped lavender-blue. Each 5c; 50c dozen; $3.50 per 100.
Yellow Mammoth—Extra large. Each 10c; 75c dozen; $5.50 per 100.

All Colors—Mixed. Each 5c; 50c dozen; $3.50 per 100.

All Hyacinths succeed \[7\] in pots and window boxes.
Germain's Improved Giant Anemones

These are among the most showy and beautiful of spring flowers; of neat and compact growth, with elegantly cut foliage and the most brilliantly colored blossoms. They require but little attention and may be used to great advantage in solid beds or masses or in connection with other plants in the border. Their large velvety flowers are ideal for cutting, lasting several days in water.

Culture—Anemones require a rich, loamy soil. Soak the roots in water for six hours previous to planting. This causes them to swell and enables one to distinguish the crown, which is readily discernible by the fibrous points at the top of the root, the bottom being quite smooth. A sunny place is best. Place a slight ridge around the bed so that the plants may be flooded with water.

Plant any time from October to May. They bloom from February to July.

Price: Extra Large Bulbs, 4 for 50c; $1.25 per dozen; $8.50 per 100. Large Bulbs, 3 for 25c; 75c per dozen; $5.00 per 100. Small Bulbs, 50c per dozen; $3.50 per 100.

Caladium

Elephant's Ear

The leaves of immense size on massive stems grow to a height of four feet. For a tropical effect this plant has no equal.

When planting, leave crowns even with the surface of the ground, water sparingly until they are fairly started, but water abundantly when in active growth.

First Size: 25c each; $2.50 per dozen. Ready for shipment in December.

Calochortus
or Mariposa Lily

These famous California flowers possess much delicacy and brilliancy of coloring. They resemble a tulip.

Mixed, all colors. 10c each; 75c per dozen; $5.50 per 100.

Calla Lily

Known to every lover of flowers. The callas are free-flowering, showy garden plants and are equally successful in doors. Both the yellow and white sorts offered, are improved strains producing fine large flowers and cannot be too highly recommended.

Culture—Callas are very easy to grow, and to be successful they need only be given a good rich soil and an abundance of water. May be planted either in a sunny or half shady place. The white variety may be planted from July to March, and will bloom all year excepting during June, July and August. The yellow variety is ready in December and should be planted shortly afterwards.

Calla Elliottiana (The Yellow Calla Lily)—This is the finest Calla grown; large deep, rich golden yellow color. The leaves are spotted with white, habit like our old favorite White Calla. Ready for shipment January 1st.

Extra Large Bulbs, 50c each; $3.00 per dozen.
Large Bulbs, 35c each; $3.50 per dozen.
Medium Size, 25c each; $2.50 per dozen.
Small Size Bulbs, 15c each; $1.50 per dozen.

Calla Aethiopica (The White Calla Lily or Lily of the Nile)—Tall growing strain with enormous pure white flowers.

First Size Bulbs, 35c each; $3.50 per dozen.
Second Size Bulbs, 25c each; $2.50 per dozen.

New Colored Freesies [8] are offered on Page Fourteen
Germain's Superb New Giant Amaryllis

This beautiful strain of American hybrid Amaryllis is unsurpassed. The flowers average over 8 inches in diameter and range in color from almost pure white, through rose, carmine, cherry red, scarlet and crimson, to deep maroon. Many are striped and mottled. The flowers are flat and spreading, with full rounded and overlapping petals and usually number 4 to 6 on a stem. The plants are of exceptionally strong growth, the flower stalks are heavy and tall. In colder climates these gigantic blooms are the pride of the conservatory or window garden where they succeed very well, but in our own climate they thrive perfectly in the open and may be used with gorgeous effect in beds and borders or among shrubbery.

The Amaryllis are easy of cultivation. They may be planted in full sun or semi-shade, the soil being first well spaded and adequately enriched with rotted manure or commercial fertilizer. In planting do not cover the bulbs more than an inch or so and do not move them more often than necessary, as they thrive best when undisturbed for several seasons.

Large Bulbs which will bloom first year, 75c each; $7.50 per dozen.

Second size, 60c each; $6.00 per dozen.

Amaryllis Bella Donna

"Bella Donna Lily," bluish, delicately shaded with pink or light purple, flowering before the leaves appear, very fragrant and fine for cut flowers, lasting fully a week when cut. Plant in a sunny position, leaving the neck even with the surface of the soil.

First Size: 25c each; $2.50 per dozen.
Second Size: 15c each; $1.50 per dozen.

New Giant Amaryllis

Amaryllis Johnsonii

A very popular sort producing freely large blooms of a most brilliant red color. Large bulbs, 50c each; $5.00 per dozen.

Begonia

Tuberous Rooted

This splendid class of begonias is perhaps the handsomest of all bedding plants for a shady or semi-shaded location. Bulbs may be started in pots early in February or in the open later in the Spring. They prefer a rich sandy loam, and should be covered to a depth of two or three inches. Ready about February 1st.

Single, separate colors: Rose, scarlet, yellow, white; or mixed. Each 35c; $3.50 per dozen.

Double, separate colors: Scarlet, rose, white, yellow; or mixed. Each 50c; $5.00 per dozen.

| 1 in. Ranunculus and Anemone 6 in. apart | 1 in. Caladium 18 in. apart |
| 2 in. Freesia, Sparaxis, 1 x 4 in. apart | 2 in. |
| 3 in. Spanish Iris 6 in. apart | 3 in. Amaryllis 12 in. apart |
| 4 in. Gladiolus 6 in. apart | 4 in. Calla 15 in. apart |
| 5 in. | 5 in. |
| 6 in. Tulip 6 in. apart | 6 in. |
| 7 in. Daffodil 6 in. apart | 7 in. Hyacinth 6 in. apart |
| 8 in. Lily 12 in. apart | 8 in. |
| 9 in. | 9 in. |
| 10 in. | 10 in. |

This diagram indicates the approximate depth at which bulbs should be planted and gives suggestions for spacing. Hyacinths, Tulips and Daffodils require deep planting and should be set down 7 or 8 inches for best results, the soil being previously well spaded to a depth of 18 inches.
GERMAIN'S EXTRA CHOICE GLADIOLUS BULBS

The gladiolus is invaluable as a summer flower, and its popularity has increased tremendously in the last few years. Our list contains only the best sorts, varieties which have been tried and proven to give the most satisfactory results both as cut flowers and for garden display. When cutting, do so as soon as one or two buds are opened. To prevent the buds from opening in water if care is taken to remove faded flowers, changing water daily and cutting a piece off the stem each time. The bulbs should be planted from three to five inches deep in any good light or sandy garden soil. They flourish best in an open sunny situation. Gladiolus bulbs ready in November.

**Three Superb Novelties**

David Starr Jordan. This gigantic new gladiolus stands far above all other red varieties which have come under our observation. The spike is exceptionally tall and the individual flowers are immense in size, many open at one time and their colors is a rich deep crimson. 25c each; $2.50 per dozen.

Henry Ford. A variety striking in color as well as in the bold and showy appearance of its strong spikes. The flowers which are of a dark rhododendron purple deepening towards the center, are well placed and very large, 50c each; $5.00 per dozen.

Rose Ash. A most beautiful and unique shade of old rose overlaid with a light purplish bronze tinge very difficult of description, but most striking and artistic. 15c each; $1.50 dozen.

**Eleven Peerless Gladiolus**

Jack London. This is proving to be one of the most successful cut-flower varieties yet introduced. Good stem, flowers opening well and color a very attractive light salmon with contrasting stripes of bright orange flame. 25c each; $2.50 dozen.

Carnegie Boycott. An unusual and rare shade of lavender blue. 25c each; $2.50 dozen.

Los Angeles. (The cut and come again® glad.) Wonderfully productive. Will produce more full sized spikes than any other variety we know. The flower stalk is very tall and graceful. The color is a lovely medium pink with deeper pink feather in the throat. And it's a vigorous plant sending up many strong, tall spikes, but is not heavy or coarse. Graceful in form and exquisite in color, it is outstanding in the flower garden and survived for cut flowers 15c each; $1.50 dozen.

Rose Ash. A most beautiful and unique shade of old rose overlaid with a light purplish bronze tinge very difficult of description, but most striking and artistic. 15c each; $1.50 dozen.

**Miniature or Baby Gladiolus**

This strain, which is also known as Early Flowering Gladiolus, is the earliest to bloom in the spring and may be easily forced for winter blooming. The spikes are slender and wiry and are exceptionally suited for basket work, vases, etc. In California they are planted in late summer or fall and bloom freely in the early spring, or in favored spots during the winter.

**General Collection of Choice Gladiolus**

America. Large, free flowering and vigorous lavender pink. Three for 20c; 75c dozen; $5.50 per 100.

Alice Tiplady. A lovely orange saffron. 10c each; $1.00 dozen; $7.00 per 100.

Arizona. Fine spike, rich salmon with red throat. Three for 20c; 75c dozen; $5.50 per 100.

Crimson Glow. Deep crimson; large flowers, one of the best dark reds. Three for 20c; 75c per dozen; $5.50 per 100.

Dorothy Wheeler. Beautiful peach pink. 10c each; $1.00 dozen; $7.00 per 100.

E. J. Shaylor. Superb rose pink. 10c each; $1.00 dozen; $7.00 per 100.

Gretchen Zang. Beautiful rose pink. 10c each; $1.00 dozen; $7.00 per 100.

Evelyn Kirkland. Charm ing bright coral pink, tall graceful stalk. Three for 20c; 75c dozen; $5.50 per 100.

Halcyon. Delicate salmon pink. Three for 20c; 75c dozen; $5.50 per 100.

Herada. A rare and stately flower. Three for 20c; 75c dozen; $5.50 per 100.

Hortulanus. Deep orange. 10c each; $1.00 dozen; $7.00 per 100.

Lilac Chalk. Flesh pink. Three for 20c; 75c per dozen; $5.50 per 100.

Lily White. Snow white, lower petals tinged crimson. 10c each; $1.00 dozen; $7.00 per 100.

Mark Pickford. A charming creamy tone blending at the throat with a soft lemon color. 10c each; $1.00 dozen; $7.00 per 100.

Mrs. Dr. Norton. This flower presents a fascinating color combination. It is a blend of Santa Fe pink cream, sulphur yellow and Tyrone rosé. 15c each; $1.50 dozen; $10.00 per 100.

Mrs. Francis King. Bright scarlet. A splendid red for every purpose. 15c each; $1.50 dozen; $10.00 per 100.

Mrs. Frank Pendleton. Lovely salmon pink with brilliant dark red blotches in the throat. Three for 20c; 75c per dozen; $5.50 per 100.

The "Sunset" Collection is a beautiful assortment (See next Page)
GLADIOLUS

Germain's

"Sunset Collection"

A splendid up-to-date assortment of twelve beautiful named varieties selected from the finest and most popular sorts in cultivation. The collection has been chosen especially to include a color range as wide and varied as possible.

Alice Tiplady—Lovely Orange Saffron, a renowned cut flower sort.

Black Pansy—Richest Maroon (almost black) but relieved by a pansy-like center—quite unique.

Byron L. Smith—Superb Lavender, a grand flower.

E. I. Shaylor—Large, tall and exquisite rose pink.

Herada—A stately flower, Mauve Blue, in great demand.

Lily White—A most satisfactory pure white sort.

Mrs. Dr. Norton—A fascinating blend of La France Pink, Yellow and Rose.

Mrs. Frank Pendleton—A well known variety and still among the best. Salmon Rose with Crimson center.

Prince of Wales—Immense clear light Salmon.

Rose Glory—Beautiful clear rich Rose.

Schwaben—Fine free flowering, bright Canary Yellow.

Virginia—Bright fiery Scarlet Red.

PRICE: The entire collection, carefully labeled and packed in special lithographed carton, $1.00; postpaid anywhere in the U. S. A. for $1.10.
Imported Japanese Lily Bulbs

We cannot say too much in praise of this elegant class of plants, which are becoming more popular every year. The bulbs offered are of large size, and sound. They come of a famous Japanese strain noted for its immense blossoms, good color and free flowering habit. We list only the varieties which in our opinion are the most beautiful and have the further advantage of being very easy to grow in our locality. These include the popular Easter Lily of which two forms are offered. Formosum and Giganteum, the former being an early flowering kind. They are usually ready in October and November, while the other varieties listed reach here about the middle of December. The Easter Lilies bloom outdoors in April and May; other varieties in July and August.

Candidum—(Annunciation or Madonna Lily). This beautiful garden lily is one of the first to arrive and is usually ready in September. It should be set out in early fall. The flowers are borne on long stems. They are pure white and very fragrant. 35c each; $3.50 per dozen.

Formosum—One of the best for winter forcing. The flowers are pure white, long and trumpet shaped. Fine cut flowers. 25c each; $2.50 per dozen.

Giganteum—Large flowering, pure white lily of strong, healthy growth, can be forced into bloom for Easter. 25c each; $2.50 per dozen.

Rubrum—"The Red Lily of Japan." Carmine rose on white ground, spotted with crimson. The most showy of Japanese lilies for the garden and an excellent cut flower. 25c each; $2.50 per dozen.

Auratun—"Golden Banded Lily," the finest and most magnificent of the genus. Flowers white, spotted crimson with a distinct golden stripe running through each petal. 25c each; $2.50 per dozen.

Regale—"The Regal Lily." A new species of great beauty. In habit it is not unlike the Easter lily, but taller and bearing frequently 10 to 12 flowers on one stem. Color, white suffused with rose and with striking yellow throat. 35c each; $3.50 per dozen.

Tigrinum—"Tiger Lily," orange, spotted black, very showy. 25c each; $2.50 per dozen.

Special Bulb Sets
Ideal for Christmas Gifts

The following selections are available from October 1st until January 15th. They are carefully and attractively packed, making charming gifts especially for the holidays.

No. 1—General garden collection of 20 spring and summer flowering bulbs, specially packed. An attractive gift. Price $1.00.

No. 2A—Set of bowl with bulbs including a handsome bulb bowl and three narcissus bulbs planted in bulb fibre and green moss. A very popular gift. Glazed bowl. Price $1.25.

No. 2B—Same as above but with Ivory Bowl. Price $1.25.

No. 2C—Same as the foregoing but with beautifully decorated bowl. Price $2.00.

When ordering sent by parcel post, allow 3 lbs. weight per bowl.

How To Grow Lilies

When planting lily bulbs spade up the soil to a depth of 18 inches, adding some bone meal or old well rotted manure (be careful that no fresh manure is used). Where the soil is very heavy or too wet, a cushion of sand should be placed directly under each bulb. They should be covered to a depth of 6 or 8 inches; extra large bulbs may be planted even deeper.

Lilies are most effective when planted in a border with other perennial plants, or among shrubbery and it is here also that they will do best as the shade of surrounding plants is necessary to their welfare.

Lilies may be grown in pots and in doing so it is best to select at first the smallest pots in which the bulbs will fit, later shifting them to larger pots as the plants progress. A rich and well prepared potting soil should be used. In order to bring in the flowers by Easter, a greenhouse is usually necessary, but small lots are often flowered in time in a sunny window. This requires care and a little experience and many an amateur gardener shows pardonable pride in the accomplishment.
CHOICE HARDY GARDEN

LILIES

These hardy lilies from Japan succeed very well in the hardy border and require only the usual care given other perennials. They are rare and beautiful in the extreme and will repay a hundredfold the small outlay and effort needed to grow them successfully.

Price: The five following sorts, 35c each, $3.50 per dozen.

Elegans Alice Wilson—A lovely variety, one of the most valuable for garden culture. It grows about two feet high, producing from three to eight large, well opened, finely shaped flowers of a deep, clear lemon color, with small spots.

Elegans Incomparable—An attractive, easily managed lily and handsome border plant. Flowers reddish apricot, spotted.

Elegans Kimbusen—This beautiful Japanese introduction is one of the finest in this class. A strong grower, flowers well formed, color orange-red with dark center.

Elegans Mixed—A very beautiful group of showy Japanese lilies flowering in June and July and growing one and one-half to two feet high. The cup-shaped flowers range through the reds and yellows. This is a lily of easy culture, highly recommended for naturalizing, and excellent for rock-gardens.

Japonicum (Krameri)—One of the loveliest of our garden lilies. The trumpet shaped flowers frequently measure six inches in diameter and, when well established, appear five to seven on a stem. Color a beautiful clear pink, often shaded blush. Prefers a light loamy soil, containing some peat if possible, and should be planted eight inches deep as it is stem rooting. Grows three or more feet high.

Collection: One each of the above five for $1.50.

Henry—A very beautiful lily from central China growing all the way from four feet to eight feet, and often carrying as many as twenty bright orange-yellow, slightly spotted reddish brown flowers in August. It is one of the very best lilies for general culture; hardy, robust, long-lived, growing in almost any soil and situation, although it requires good drainage. 50c each; $5.00 dozen.

Double Flowering Lilies

Tigrinimum Flore Pleno (Double Tiger Lily)—The most beautiful of all double lilies for the garden. Flowers are large, with reflexed petals of a light orange red, more or less heavily spotted with deep purple. 35c each; $3.50 per dozen.

Elegans Pleno—The flowers of this variety are of a medium red shade and are especially interesting for their double form which is very remarkable and curious. 35c each; $3.50 per dozen.

—Is wasteful and ridiculous excess.—Shakespeare.
Germain's Extra Select FREESIA BULBS

The Freesias are admired and popular both for the garden and as cut flowers. The original white sort is an old favorite in many gardens esteemed for its unusual and artistic appearance and its sweet odor. The newly developed colored sorts have retained all the qualities of the type. They are free flowering, keep well and are very sweet scented and in addition most of them are taller and more vigorous. In beauty and variety of color tones they now surpass even the fondest dreams of the originators, ranging from pure golden yellow to salmon, orange, carmine, rose, lavender and Amethyst blue.

Culture—Their culture is very simple. They thrive in any good garden soil, but will repay with interest whatever special attention they receive. Plant them in beds, in rows or in masses between other perennial plants, for, while they succeed perfectly in full sunlight they do well also in partial shade. Cover the bulbs about two inches with soil and give them usual care. They will bloom profusely in early spring. The bulbs may be lifted and stored in summer after all foliage has died down and they may be set out again the following Autumn or if preferred, they may be left in the ground to reappear and bloom each spring from year to year.

New Colored Freesias

Beautifully colored and sweet-scented, these new freesias are admirable cut flowers and thrive particularly well in our California winter climate.

**Amethyst**—Tall amethyst blue with lavender blue center. A fine variety of strong sturdy growth.

**Aurora**—Large flowering, orange and yellow. Charming color combination and very much admired.

**California**—Large golden yellow. Strong tall grower, admirable for cutting.

**Carrancita**—Orange salmon hue with buff shadings on the lower petals. Tall wiry stems.

**Carrie Budau**—Large lavender pink on tall stems. Remarkably strong grower and very free flowering.

**Ilena**—Deep rosy lavender with orange blotch on the lower petals. Good stiff stems. Flowers large and very attractive.

**Olivette**—Bright carmine red with light yellow throat, lower petals having deep yellow blotch with crimson veins.

**Yellow Prince**—Deep golden yellow, splendid cut flower variety.

**Gen. Pershing**—Tall, vigorous grower producing a wealth of fine lavender pink flowers.

**Price:** Any of the above, 3 for 25c; $1.00 per dozen; $6.50 per 100.

**Collection offer:** 6 each of the above varieties for $4.00.

**Rainbow Mixture**—A superb mixture of new colored freesias containing a wide range of beautiful shades, including many choice new sorts. 4 for 25c; 75c per dozen; 50 for $2.75; $5.25 per 100.

Three Splendid Freesia Novelties

**Mendota**—Clear yellow, large flower and long, extra strong stems. A new variety of great merit.

**Mrs. Marc Peter**—Rosy salmon. A very attractive shade. Tall, excellent cut flower.

**June Michelson**—The finest rose pink. Strong grower, good stems.

**Price:** 15c each; $1.50 per dozen; $10.00 per 100.

Collection of 5 each of the three splendid freesias for $2.00.

**Freesia Fisherii**

A new snow white, with broader, larger flowers and petals of great substance. 75c per dozen; $5.50 per 100.

**Improved Purity Freesias**

A greatly improved strain of the popular sweet scented white freesias. Very attractive in the garden and a most desirable cut flower.

Mammoth Sized Bulbs, 50c per dozen; $3.00 per 100.

Large Bulbs, 25c per dozen; $1.75 per 100.
Choice Spanish Iris

The Spanish Irises have been in cultivation for many years. These beautiful ornamental flowers vary in color from white to yellow, violet, blue and purple. Are very easily grown in half-shaded situations, flowers are valuable for cutting. A great favorite with florists. Plant in rows or clumps about 3 inches deep and 3 to 5 inches apart.

Yellow Queen—Large golden-yellow. 20c each; $2.00 per dozen.
Royal Blue—Beautiful violet blue.
Queen Wilhelmina—Large white, slightly tinted lilac.
Hutchenberg—Very large orange and blue. 20c each; $2.00 per dozen.
Imperator—Deep blue.
Frans Hals— Falls pale yellow, standards light blue.
Anton Mauve—Uniform pale mauve.
J. W. de Wilde—Superb bronze. 25c each; $2.50 per dozen.
Spanish and Dutch Iris—Choice mixed.
Prices: Except where noted, 2 for 25c; $1.50 per doz.; $11.00 per 100.

Madeira Vine

Madeira, or “Mignonette Vine.” A rapid climber of very easy culture. Will cover a large space in a very short time. Fleshy heart-shaped leaves and feathery, fragrant blossoms. 3 for 25c; $1.00 per dozen.

Cinnamon Vine

(Dioscorea Batatas)
A rapid climber with bright, glossy heart-shaped leaves. It derives its name from the peculiar fragrance of the delicate white blooms. 15c each; $1.50 per dozen.

Pancretum

(Spider Lily)
Carribeum—Strange and beautiful flower. Pure white and sweetly scented. 15c each; $1.50 per dozen.

SPANISH IRIS

Ixias

For planting in solid masses or for outlining the edges of walks in the bulb garden, there are no bulbous plants more effective or more easily grown than these dainty flowers. The flowers are arranged in spikes on strong wiry stems and are especially useful for cutting.

Culture—Plant them three inches apart and two inches deep in any good garden soil.
Finest mixed, 3 for 20c; 75c dozen; $5.50 per 100.

Ismene Cathalina

(Peruvian Daffodil)
Large, pure white, Amaryllis-like flowers of unusual appearance. Fragrant and beautiful. Culture same as Amaryllis. 25c each; $2.50 per dozen.
Good second size bulbs. 20c each; $2.00 per dozen.

Lily of the Valley

(Convallaria Majalis)
The pips, or slender running root stalks should be planted in moderately rich, moist soil in shady situations. Planted from January to March they bloom from April to June. 3 for 25c; $1.00 dozen; $7.00 per 100.

Ornithogalum

(Star of Bethlehem)
Arabicum—Beautiful variety throwing a tall spike of numerous star-shaped flowers with a jet-black center and having a distinct aromatic perfume, decidedly pretty when grown in the garden. Large size. 3 for 25c; $1.00 dozen; $7.00 per 100.
GERMAIN'S GIANT FRENCH RANUNCULUS

(Persian Buttercup or Fair Maids of France)

The flowers of our selected strain are double with a graceful fullness suggestive of a full-blown rose. They keep fresher and longer when cut than any other flower we know. The colors are surprisingly bright and cheerful, appearing in many shades of rose, red, salmon, yellow, maroon and white. The accompanying picture gives some idea of their graceful form, but it is not possible to portray here their extraordinary brilliancy and variety of coloring.

Soak the roots in water for two hours before planting and cover with two inches of soil. They should be planted rather closely for the best garden display, 4 to 6 inches being an average distance apart.

Large Sized Roots—75c per dozen; $5.50 per 100.
Extra Large Roots—$1.00 per dozen; $7.00 per 100.
Good Bedding Size—50c per dozen; $3.50 per 100; $32.50 per 1000.
Small Planting Size—Will bloom first year. 50 bulbs, $1.00; $1.75 per 100; $8.00 for 500; $15.00 per 1000.

Montbretia

Montbretia

Long spikes of showy, orange-colored flowers, with yellow and purple markings in the throat. Price: 3 for 20c; 75c per dozen; $5.50 per 100.

Oxalis

Handsome and graceful flowers varied in color, produced in great profusion during winter and spring—suitable for hanging baskets, pots, window boxes, and borders. Plant two inches deep in good friable soil from July to early fall.

Grand Duchess Mixed—35c per dozen; $2.50 per 100.
Bowieii—A distinct and very attractive sort. The flowers are large and of a most brilliant rose color. 75c per dozen; $5.50 per 100.

Snowflakes

Leucojum Vernum—Very similar to the English Snowdrop, but with much longer stems. Very early and fine for cutting. 3 for 25c; $1.00 per dozen; $7.50 per 100.

Sparaxis

These attractive flowering bulbs are quite novel in coloring, appearing in shades of red, rose or white, with distinct markings of maroon or black in the throat. They resemble the Ixia in form and habit and require a similar treatment.

Finest mixed. 3 for 20c; 75c per dozen; $5.50 per 100.

Tuberoses, Ismene and Pancratiums [16]

are noted for fragrance
Tritonia
Beautiful low growing bulbous plants from the Cape of Good Hope. Flowers a bright orange scarlet. Easily grown in any good garden soil. Plant them three or four inches apart and two inches deep. 3 for 20c; 75c per dozen; $5.50 per 100.

Tuberose
Double Pearl—Far superior to the old double variety, growing only about two feet high, with large individual double white florets, which have longer foot stalks than the old variety, rendering them more useful for cut flower purposes. Large bulbs. 3 for 25c; $1.00 dozen; $7.50 per 100.
Mexican Everblooming Single—Delightfully fragrant, very free flowering and of the easiest culture. 3 for 20c; 75c per dozen; $5.50 per 100.

Vallota
Purpurea (The Scarborough Lily)—This is a South African representative of the Amaryllis family. It is a bulbous plant with large scarlet funnel-shaped flowers blooming in late summer. Established plants usually produce several flower trusses, each truss bearing from 4 to 9 large flowers. The bulbs of this plant are not plentiful and we are offering only a limited quantity at $1.00 each.

Watsonia
Similar to the Gladiolus, even in culture. It grows about four feet high and produces a wonderful profusion of flowers which are in bloom about Easter time. Ready for planting in August.
Pure White (Obrienii)—Large snow white. 3 for 25c; $1.00 per dozen.
Pink (Cerise-rose)—Bright deep pink. 3 for 25c; $1.00 per dozen.
Clementina—Large and beautiful clear salmon pink. 25c each; $2.50 per dozen.
Mrs. Ella Birney—Large lustrous rosy red. 25c each; $2.50 per dozen.
New Hybrids in Choice Mixture—20c each; $2.00 per dozen; $15.00 per 100.

Zephyranthes
(Zephyr Flower, or Fairy Lilies)
Very effective for massing or borders. flowering in great profusion during spring and summer; also suitable for pot culture, a few bulbs potted in the fall will give a fine display during the winter.
Alba—Pure white. 10c each; 75c per dozen.
Rosa—Rose pink. 10c each; $1.00 per dozen.

Prepared Bulb Fibre
Germain's prepared fibre is becoming more popular every season. It is far more convenient than potting soil when planting bulbs indoors, and replaces to advantage the pebbles used in growing Chinese lilies, etc., in bowls as it contains plant food which stimulates the plant and improves the blossoms.
No drainage is needed, consequently any receptacle may be used and bulbs will bloom splendidly in a jardiniere, lily bowl, or dish having no perforation whatever in the base. This eliminates any danger of water and soil running through on furniture, floors, or carpets. The material is clean and free from any odor.
Plant bulbs as you would in soil but do not press the fibre too firmly, nor fill the bowl too full. Keep moist but not too wet or sodden. Start the bulbs in a dark, cool place and bring to the light when sprouted an inch or so. Hyacinths, Narcissus, Chinese Lilies, Tulips, Freesias, Crocus, etc., are grown to perfection in this way.
Price: Packet (enough for 6 or 7 inch bowl) 15c; per lb. 25c.

All Bulbs are Priced [17] F. O. B. Los Angeles
GERMAIN’S CALIFORNIA
FLOWER SEEDS

FOR AUTUMN AND WINTER SOWING

Success in gardening is due primarily to the proper selection of the seeds, bulbs and plant materials used. In the flower garden the best results can be obtained only when seeds of known quality and reliability are planted.

In the production of flower seeds of the highest quality much depends upon the weather conditions during the maturing and harvesting periods. For this purpose the climate of California is unrivaled. As a result and because of the excellence of the strains which have been developed here in all the leading species such as Asters, Zinnias, Sweet Peas, etc., California flower seeds are proclaimed the finest and most dependable in existence.

The selection offered in the following pages includes a number of the most prominent and popular sorts most of which will bloom in winter or early in the spring if sown in late summer or fall in our climate. Even in Eastern states fall sowing of hardy annuals and perennials is becoming a current practice. If planted just prior to the first heavy frosts and allowed to winter in the ground they produce larger, sturdier plants and the blooming season is materially advanced. Alyssum, antirrhinum, calendula, candytuft, Centaurea, Larkspur, Nemophila, pansies, potunias, and dozens more may be fall-sown in cold climates with excellent results.

LARGE FLOWERING SEMI-TALL SNAPDRAGONS

Large flowers closely placed on medium sized stems make this strain especially valuable for bedding and as cut flowers.

2134 Black Prince. Nearly black; small dark leaves.
2135 Cottage Mauve. Delicate pink tinged salmon; white throat.
2146 Daphne. Scarlet with Brilliant Orange Red suffusion.

Price: Any of the above, 10c per pkt.
Collection: 1 pkt. each of 8 colors, 75c.

LARGE FLOWERING TALL SORTS

A splendid strain producing large individual flowers on tall spikes 30 inches high.

2092 Daphne. Very tall vivid orange scarlet.
2094 Delila. A beautiful Carnation with white tube.
2109 Rose Queen. Luminous Golden King. Giant rich yellow.
2112 Rose King. Splendid deep rose.
2104 Harmony. Terra Cotta Orange shaded rose.

Price: Any of the above sort 10c per pkt; 30c per ¼ oz.

AQUILEGIA

(Columbine)

Handsome and effective hardy perennials. The Columbines are most graceful in form and habit and invaluable to correct too stiff or formal plantings. They prefer a moist situation with partial shade. The seed may be sown in spring in the house or in the open ground; or they may be planted in August or September and will make vigorous plants and bloom abundantly the following spring. 3 to 5 feet.

2300 New Long Spurred Hybrids. A superb strain producing very beautiful large flowers with long spurs and in all shade of blue, mauve, yellow, orange, rose and white $ .25
2311 Chrysanthum (Golden Spurred). Golden yellow, 4½c per ¼ oz. .10
2312 Coeruleum (Rocky Mountain Columbine). Violet-blue and white .25
2315 Orange Choice Mixed. All colors, 50c per ¼ oz. .10
2316 Double Flowering Hybrid. Many beautiful shades, 40c per ¼ oz. .10

For continuous display of bloom

Plant Sweet Peas at frequent intervals [18]

**CALENDULA**

*Pot Marigold or Winter Marigold*

One of the best and showiest of free flowering annuals and an "all year flower" in California. In colder climates it is an excellent pot plant for winter blooming. As a garden plant it is very free to spread, borders, etc., and as a cut flower it has remarkable keeping qualities. It is of the easiest culture. Height 18 inches.

**GERMAIN'S CHOICE CINERARIA**

It would be hard to find a flowering pot plant or bedding plant of more resplendent beauty than the Cineraria. It produces gorgeous spikes of large blossoms in the most vivid shades during the late winter and early spring and delights in a cool shady location succeeding wonderfully well even outdoors in Southern California. The seed should be sown in summer or early fall in seed pans.

Snapdragons are [20] Ideal for Cutting.
DELPHINIUM

GERMAIN'S NEW GIANT CALIFORNIA HYBRID DELPHINIUMS
(Double Extra Large)

2824 We recommend this strain above all others for its tall robust growth and heavy foliage and the extraordinary size and exquisite color variations of the flowers. It has no rival in California gardens. The plant itself is handsome and decorative and a group of the stately clumps in full bloom is a sight not easily forgotten. The colors range from the tenacious opalescent shades to the deepest royal purple, intermediate tones including delicate mauve, rose, lavender and lilac tints, many exquisitely blended. Offered in packets only at $1.00.

NEW HOLLYHOCK STRAIN

2825 Delphinium Belladonna (California Strain). No summertime visitor to California can fail to see this exquisite flower, for every flower show in Southern California displays huge baskets of it through the major part of the season. It is indeed the cut flower. "par excellence" among Delphiniums. We have been told that our California strain of Belladonna is of a purer turquoise blue; it is undoubtedly very lovely. The plant grows to a good height, blooms abundantly and is worthy of a prominent location in any garden. Height 6 to 8 ft.

2827 Delphinium Beliamosum. A deep royal blue variety. It is said to be a hybrid between the foregoing and Formosum, but is perhaps a more vivid and intense blue. It has the tall habit and profuse growth of Belladonna and is the finest of the dark blue sorts.

2832 Gold Medal Hybrids. Improved double flowering Hybrids. The plants grow rapidly, flower early and produce large full flowers in a great variety of delicate colors, especially in the lighter shade of blue.......

IMPROVED ENGLISH HYBRIDS

(Re-selected from Original Importations)

Selections made from many excellent Delphinium varieties recently imported from England have given rise to this improved strain of English Hybrids. They have proved exceedingly successful in California and produce an abundance of flowers of great beauty. It is a strain we can heartily recommend, knowing that it cannot fail to give great general satisfaction. The plants are now available also in separate shades which are offered below:

2826 Mid Blue Shades. Lovely violet and light purples.
2829 Light Blue Shades. Delicate turquoise and azure blue.
2840 Pastel Shades. Exquisite blendings of mauve lavender, light blue, etc.
2831 Improved English Hybrids Mixed. A superb mixture containing the full range of color.

Price: Any of the above 25c per pkt.

DIMORPHOTHECA

(African Orange Daisies)

These are among the best winter flowering annuals. If started in September they begin to bloom in January. The bright daisy-like flowers appear on stems about a foot high and cover beds and borders with a mass of bloom.

2891 Orange. 1/4 oz. 50c. African Orange.
2892 Finest Hybrids Mixed. Colors range from white, cream and salmon to deep orange. 1/4 oz. 50c.
2893 Golden West. Superb Golden Yellow. 1/4 oz. 50c.

One packet each of the 3 sorts for 25c.

ESCHSCHOLTZIA

The Golden Poppy of California, a native of our valleys and hillsides, has become one of the favorite garden annuals throughout the world. Many new shades have been obtained and the existing flowers have been greatly improved in size and color, and so as to be better adapted for cut flower garden and selection. They thrive in any garden soil and should be sown where they are to bloom thinning the plants to 6 or 8 inches apart. Height 1 to 1 1/2 ft.

LARGE FLOWERING Sorts

2893 Rose Queen. Soft Rose-pink.
2894 Deep Orange (True California Poppy). Improved large deep orange, 30c.
2897 Golden West. Large two-toned Canary and Orange yellow oz. 30c.
2901 Mandarin. Orange and Mandarin red.
2902 The Ghetto. Plush petals, golden inside and red outside.
2945 Venetian. Wallflower red.
2952 Waller's Crimson. Improved large Carmine crimson, 30c.
2946 White. Re-selected pure white.
2950 Red. Many shades of Orange, Yellow and White, oz. 30c.

Price: Any of the above varieties 10c per pkt.

SEVEN SPLENDID NEW CALIFORNIA POPPIES

LARGE FLOWERING SORTS

2941 Tango. Bronze red and terra cotta.
2942 Mauve Beauty. Soft Mauve rose.
2951 Lovely. Satiny rose suffused salmon.
2952 Ballet Girl. Drifted petals, Carmine outside and creamy white inside.
2949 Richest Shades Mixed. Orange, pink, crimson, scarlet, etc., 1/2 oz. 50c.

Price: All the above varieties 15c per packet.

Collection: One packet each of the seven new shades for 90c.

DIGITALIS

(Fox Glove)

Fox gloves are tall, showy, hardy plants with great spikes of closely set flowers in many attractive shades. They are favorites in the hardy border and for growing between shrubs and in shady places. Sow in spring or fall. Height 4 to 5 feet.

2890 Gloxiniaeflora. Handsome spotted Gloxinia-like flowers on long spikes. Mixed colors, 1/4 oz. 30c....$ .10

"The Rose is Heaven's Utterance"—John T. Roberts
GAILLARDIA
(Blanket Flower)
Both the annual and perennial strains of Gaillardia are effective and valuable summer-flowering plants for bedding, for borders and for cutting. If sown early they begin to bloom in July and continue a new growth and flowering in fall. They also bloom in winter in all mild sections of the country. Height 2 to 3/4 feet.

PICTA. Annual, Crimson and Orange, 1/2 oz. 25c.
2850 Lorenziana Double Mixed. Superb double flowering strain. Annual. 1/2 oz. 45c.
2872 Grandiflora. Scarlet, 50c.
2873 Grandiflora Sanguinea. Perennial, Golden Yellow. 50c.
2874 Grandiflora Superb Mixed. Very large flowers in splendid combinations of Crimson and Gold. 1/2 oz. 45c.

Price of all the above per packet 10c.

GYPSOPHILA
(Baby’s Breath)
The Gypsophilas in both the annual and perennial varieties are very popular for mixing with other flowers. The light feathery sprays of tiny white flowers, with their delicately fragrant blossoms, are strikingly effective in groups, in rows, as a background or planted among the shrubbery. Seed sown early indoors and transplanted will bloom late in the year; if sown in late summer or fall they bloom throughout the following season.

Annual Sorts
3042 Elegans Rosa. Small light pink flowers, oz. 45c...$ .10
3044 Elegans White. Small white, tinged lavender, per oz. 25c... .10
3048 Grandiflora Alba. Greatly improved, large flowers and pure white, oz. 25c... .10

Perennial Varieties
3046 Paniculata. Large panicles of tiny white flowers, 30c per oz. 60c
3047 Paniculata Double. New double flowering variety... .25

HELENIUM
(Sneezewort)
Strong growing hardy perennial 3 to 6 feet tall; succeeding anywhere and giving an enormous crop of flowers in the fall.

FER.
3116 Autumnale. Bright Golden Yellow flowers... $ .15

HOLLYHOCKS
Indispensable wherever height and color are required in the garden. The giant stalks with closely placed double, semi-double and single blossoms of 8 or 9 feet and are strikingly effective in groups, in rows, as a background or planted among the shrubbery. Seed sown early indoors and transplanted will bloom late the same year; if sown in late summer or fall they bloom throughout the following season.

GERMAIN’S IMPROVED DOUBLE VARIETIES
3171 Germain’s Double White. Pure white.
3173 Germain’s Double Yellow. Very bright yellow.
3176 Germain’s Double Mixed. All colors.

Price: Any of the above varieties 10c per pkt.
3178 Allegheny Mixed. Semi-double flowers, beautifully summer blooming. Flowers bright scarlet, abundant, 45c per oz... .10
3180 Finest Single Mixed. Large single flowers in many shades, vigorous, tall habit, 46c per 1/2 oz... .10

HUNNEMANNIA
(Mexican or Giant Yellow Tulp Poppy)

FER.
3190 Fumariaefolia. A perennial, flowering the first year from seed and blooming through the greater part of the season. The Poppy-like flowers are similar to the California poppy and canary yellow. They are excellent for cutting, keeping a long time in water. 45c per 1/2 oz...

LINARIA

FER.
3290 Marocana Choice Mixed. Pretty annuals 12 to 15 inches high, valuable for massing or low borders... .10
3294 Cymbalaria (Kennilworth Ivy). Delightful perennial trailing plant for rockwork, baskets, window boxes, etc. Flowers lavender and purple...

LINUM
(Scarlet Flax)
3232 Grandiflorum Rumrum. A brilliant and attractive annual of long duration. Sown in permanent location in fall for early spring bloom or sow in spring for summer blooming. Flowers bright scarlet, abundantly produced, 46c per oz... .10

Seeds in this Catalogue are Prepaid [22] Bulbs are F. O. B. Los Angeles
Pansies

Pansies are such universal favorites and they are so well beloved by all who take an interest in gardens that a little special care in growing them will be well repaid by the admiration of your friends and satisfaction to yourself—that is all important. The best pansies are shy seeders, which explains the relatively high cost of better pansy seeds. But this small increase in price will seem very insignificant when the results are seen.

STOCKS

EARLY GIANT IMPERIAL

A superb new strain of early flowering habit, equally successful for winter or summer flowering. The heavily branched plants 2½ feet high bear a profusion of well furnished spikes with very double fragrant flowers of the largest size.

3875 Apple Blossom. Delicate soft pink.
3876 Red. Fiery and vivid shade.
3877 Chamois. Ivory tinted old rose.
3881 Dark Blue. Deep purple blue.
3884 Lavender. Lavender blue.
3891 Early Imperial. Mixed. All colors.

Price: Any of the above, 5 pkts. for $1.00; per pkt. 25c.
Collection of one packet each of 6 colors for $1.25.

GIANT WINTER NICE STOCKS

The large double blossoms very freely produced on long stems are of the greatest value for cutting in winter, squares are grown in quantity by florists for this purpose. They are also admirable in the garden throughout the winter and early spring in California and other states enjoying mild winters or may be flowered in the home or conservatory where rigorous temperatures are expected.

3901 Aurora. Rosy chamois.
3902 A Bunde and. Carmine pink.
3906 Souvenir de Monceau. Rose Crimson.
3957 B A y of Nee. Delicate pink.
3938 Belle de Naples. Old rose.
3939 Cote d'Azur. Lavender blue.
3940 Summer Night. Dark blue or purple.
3942 Queen Alexandra. Rosy lilac.
3907 Mont. Blanc. Pure white.
3908 Monte Carlo. Yellow.

Price: Any of the above varieties ¼ oz. 60c; per pkt. 15c.
Collection: One packet each of the 10 colors for $1.25 or six separate colors (our selection) for 75c.

GIANT PERFECTION OR CUT-AND-COME-AGAIN STOCKS

Perpetual blooming class especially valuable for summer garden wealth of cut flowers which may be gathered from them over a period of several months. As the flowers are cut they throw out numerous side branches, allowing another succession of perfect flowers. 2 feet.

3927 Sapphire. Dark blue.
3934 Empress Augusta Victoria. Silver blue.
3939 Brilliant. Fiery.
3936 Princess Alice. Pure crimson.
3928 May Queen. Delicate lilac blue.
3933 Creole. Creamy yellow.
3940 Cut and Come Again. White.
3932 L A France. Rose.

Price of the above, ¼ oz. 75c; per pkt. 15c.
Collection: One packet each of the seven colors, 80c.

LARGE FLOWERING TEN WEEK STOCKS

Our improved strain of this popular summer stock is especially suited for pot culture and ideal for forcing. The plants attain a height of 12 to 15 inches, are very free flowering and come into bloom quicker than any other type.

Price: ¼ oz. 45c; per pkt. 10c.

SWEET ALYSSUM

(Sweet Alyssum or Mad Wort)

Pretty, very sweetly scented, annual plants useful for borders, edging, window boxes, cutting and rock work. They flower profusely all summer and are among the most successful also for winter bloomers.

3929 Sweet Alyssum (A. Mirtiflorum). White, very sweet, about 9 inches and of trailing habit, 40c per oz.... $1.00
3941 Constance (Tom Thumb). Ideal for edging, erect growth, 6 inches. .... $1.00
3945 Carpet of Snow (Procumbens). Very dwarf, barely 4 inches high, forming low matted plants which are a mass of white during the entire season. Wonderful for edging. .. $1.00
3944 Lilac Gem. Good for borders and a very pretty deep lavender lilac in color, 6 inches, 75c per oz.... 15c
3947 Little Beauty (Red). Short, broad, a very rich, hardy perennial, valuable for rock work and permanent edging or border, 1 foot high. 50c per ¼ oz. .... 10c

TORENIA

3986 Fourcroyi. Annual, 1 foot high, covered the entire season with a mass of flowers, bright blue with yellow center..... 10c

Winter Stocks are [24] excellent Cut Flowers.
GIANT WINTER SPENCER SWEET PEAS

VARIETIES OF RECENT INTRODUCTION

Blue Bonnet. Extra large, fine deep blue. The color is evenly distributed with no bright spot in a white bloom. Pkt., 35c.

Valencia. The color is bright orange, but of a softer, more pleasing tone than existing varieties, and it possesses what others of this shade lack in form. Exceptionally productive. Pkt., 35c.

Majestic Rose. Immense brilliant rose pink. In vigor of growth, length of stem and size of bloom it surpasses all other early sweet peas. Pkt., 35c.

One packet each of the above three varieties of Winter Spencer Sweet Peas complete for 30c postpaid.

WINTER FLOWERING SPENCER SWEET PEAS

The principal advantage of this new type of sweet peas is their early flowering habit. They are especially valuable for winter flowering, but they are equally successful in spring and summer in flower several weeks in advance of the Spencer if planted at the same time. Our pamphlet on Sweet Pea culture is free on request.

All White. Giant white. Splendid cut flower.

Amethyst. Royal purple of large size and perfect form.

Asta Ohl. Lavender, delicately tinted mauve.

Aviator. A superb dazzling crimson. Large and free flowering.

Barbara. Fine deep blue.

Blue Pixie. White daintily edged with bright blue.

Chevalier. Glowing deep rose color, large and long stemmed.

Columbina. Large, wavy pink and white. Beautiful cut flower variety.

Embers. A vigorous and free flowering bright salmon orange.

Fair Maid. Delightful shade of delicate blush pink.

Fire King. Showy variety, well formed and of good size, deep orange.

Glitter. Glittering cerise. Bright and cheerful; a re-curring variety.

Grenadiers. The most brilliant scarlet.

Happy Days. Splendid large lavender. Unusually clear color.

Helen Lewis. New but not always popular; rich rose.

Hercules. Mammoth rose. Strong growing, long stemmed.

Illusion. Splendid salmon cerise. One of the finest red sorts.

Lavender King. Clear lavender of perfect form, large flower.

Miss Louise Gude. Brilliant pink. A lovely variety of uniform shell-pink throughout.

Mrs. Kerr. Exquisite salmon shade; best if slightly shaded.

Othello. Velvety deep maroon, the darkest of all.

Penrose. Large, vigorous and free blooming; color clear rose pink.

Perfection. Deep rose, one of the best in this shade.

Rose Charm. Bright rose. Beautiful large, well shaped flowers.

Rose Dore. Beautiful soft rose pink, delicately suffused with salmon.

Snowstorm. (Improved). A popular pure white.

Starlight. Pale clear blush lavender, very pleasing.

Sweet Lavender. A true lavender of large size and good habit.

The Beauty. Dark fiery rose. Large flowers of perfect form.

White Orchid. Pure white.

Zvolnelak's Rose. Excellent rose pink. A favorite cut flower variety.

Price: Any of the above per pkt., 15c; oz., 90c; ¼ lb, $2.70.

GERMAIN'S BLEND WINTER SPENCER MIXED. Price per pkt., 15c; ½ oz, 90c; ¼ lb, $2.25; lb, $7.50.

COLLECTIONS

Winter Wonder Collection. Five pkts. large flowering varieties in red, pink, lavender, cream and mixed. Special value. Pkt, 50c.

Germain's Eight Favorite Winter Spencer. Gives a complete range of colors. A selection worthy of any garden. Complete for

Plant Sweet Peas at frequent intervals [25] for continuous display of bloom.

HOW TO GROW BEAUTIFUL SWEET PEAS

Sweet Peas are deep rooting. The soil where they are to be planted should be dug to a depth of 12 inches. They are also slow feeders and a liberal amount of fertilizer will insure luxuriant growth and large flowers. Dig the fertilizer well under and do not plant the soil they were in before the seeds are planted. This result can be obtained by tamping and watering. The seeds are usually sown in shallow trenches about three inches deep and covered only one or one and one-half inches. The balance of the earth is filled in after the young plants have grown a few inches. In certain heavy soils it is best not to cover the seed more than one inch at any time. Seeds may be spaced one or two inches apart in the trench and the young plants gradually thinned to six inches to prevent crowding.

A support for the vines must be provided early. They require a liberal amount of water. The flowers must be gathered often and should any seed pods form, these must be immediately removed to insure a prolonged blooming period.

In growing sweet peas out of season, the vines are protected with cheese cloth or other light material. If the cloth is strewn over the plants it provides sufficient protection against strong sunshine in summer and chilly nights in winter in California.
VERBENA

The Verbenas are unrivaled for bedding, low borders, and mass plantings. Their color expressions are very free and their grace of habit is quite singular.

GERMAIN'S NEW GIANT HYBRID VERBENAS

Splendid new selections with individual flowers of surprisingly large size and considerable size. Mixed plants are unusually vigorous and the immense flower trusses very freely produced.

MAMMOTH VERBENAS

Beautiful large-flowered varieties, extensively used for bedding, borders, etc., and keeping well when cut for table decorations, vases, etc.

4006 Mammoth Rose Pink. 4 oz. 25c. 3 oz. 30c. 1 oz. 50c.

4007 Mammoth Dark Blue. 4 oz. 25c. 3 oz. 30c. 1 oz. 50c.

4009 Mammoth White. 4 oz. 25c. 3 oz. 30c. 1 oz. 50c.

Price: Any of the above—$5.10

VERBENA

There are few bedding plants more dependable, colorful, and persistent in blooming over a long period as the tufted pansies. While the individual flowers are smaller than the regular Pansy, the tufted pansies are a sheet of bloom through the entire season. Like the pansies they are good forers and thrive in light but rich soil.

4022 Blue Perfection. Clear Light Blue. 1/4 oz. 45c. $1.00

4028 White Perfection. Large Pure White. 1/4 oz. 45c. $1.00

4025 Purple King. Rich deep Blue. 1/4 oz. 50c. $1.00

4026 Yellow Queen. Bright golden yellow. 1/4 oz. 50c. $1.00

4029 Pink Perfection. Clear Light Pink. 1/4 oz. 50c. $1.00

4030 Tufted Pansies in Choice Mixture. 1/2 oz. 75c. $1.50

Collection: One packet each of five colors and one additional packet of mixed. Complete...$5.00

PERENNIAL BORDER COLLECTION

Perennial plants are enjoying a well deserved popularity in our best garden circles. Germain's have grouped in this selection a number of these long and well beloved flowers which will enable you to grow quickly from seed a well balanced colorful perennial border. The varieties selected excepting perhaps one or two, are hardy anywhere in the country and have been given unusually fine results in California.

During the fall and spring the seeds may be sown in the open according to our diagram, or the varieties may be individually scattered among the existing shrubbery and flowers.

It is to be remembered that, while most perennials make a very good showing the first season, it is after they are established a year or two that the finest results are obtained.

THE COLLECTION INCLUDES:

1. Agave's Long spurred Mixed—(Columbine)
2. Arabis Alpina (Alpine Rock Cress)
3. Agatha Coelestis—(Blue Marguerite)
4. Campanula Carpatica Mixed (Cup and Saucer)
5. Digitalis Gloxiniaeflora mixed (Fox Glove)
6. Coreopsis Lanceolata Grandiflora
7. Dahlia J. J. Bailey Improved Mixed (Hardy Larkspur)
8. Gaillardia Grandiflora Superba Mixed (Blanket Flower)
9. H. Fumariaeflora (Mexican Poppy)
10. Pentstemon Finest Mixed
11. Papaver Nudicaule Mixed (Iceland Poppy)
12. Shasta Daisy
13. Verbena Mammoth Mixed
14. Sweet William Large Flowered mixed
15. Valeriana—Choice Mixed—(Tufted Pansies)

GERMAIN'S PREMIUM FLOWER SEED COLLECTIONS

These collections are packed in specially designed large 6x9 inch packets lithographed in color and fully illustrating the varieties offered in each collection. These assortments if purchased separately would cost not less than 75 cents per collection.

SWEET WILLIAM

(Dianthus Barbatus)

Vigorous, free flowering perennial with large showy flower heads in bright attractive colors abundantly produced in spring. Very effective in the flower border planted at a time when flowers are not as yet too plentiful. Height 15 to 18 inches. Sow in spring or early summer, the flowers appear the following spring.

3962 Pink Beauty. A beautiful variety of recent introduction. The flowers are very large and of a most attractive salmon rose. 1/4 oz. 45c. 1/2 oz. 75c. 1 oz. 1.00

3964 Scarlet Beauty. A fine companion variety to the foregoing. Very large and showy scarlet red. 1/4 oz. 45c. 1/2 oz. 75c. 1 oz. 1.00

3966 Single Dark Crimson. Intense dark red. 1/4 oz. 45c. 1/2 oz. 75c. 1 oz. 1.00

3968 Single Pure White. 1/4 oz. 45c. 1/2 oz. 75c. 1 oz. 1.00

3970 Large Flowered Single Mixed. 1/4 oz. 45c. 1/2 oz. 75c. 1 oz. 1.00

3972 Extra Large Double Mixed. Strong growing, bushy plants 18 inches high, producing in the greatest profusion large double flowers in the most vivid and attractive shades. 1/4 oz. 45c. 1/2 oz. 75c. 1 oz. 1.00
GERMAIN'S CALIFORNIA

Roses of Quality For 1930
Prepared for Fall Planting

The large size and superior quality of Germain's California Roses are well known to all those among our customers who have had the pleasure to grow them. For those who have not before planted our stock we call special attention to the great care exercised in their production and the special treatment they receive for fall planting.

In our climate roses thrive with bewildering luxuriance and produce a veritable riot of bloom.

It is this robust vitality, this urge to blossom instilled by the maturing sunshine of Southern California which has made this region the greatest rose growing section in America.

Germain's Roses of Quality are produced in our own fields comprising 50 acres in the heart of California's foremost rose district. They are two year old, first grade plants, grown and budded by our own experienced men, and dug when fully matured, every bush selected and inspected by our experts.

In preparation for the fall planting season these roses are carefully pruned and potted in gallon containers early in the spring and become perfectly established during the summer months. In securing and planting these now you receive large plants benefited by several months' extra growth and a fully developed root system.

Rose Culture Leaflet Free
We have prepared a detailed cultural leaflet on the rose which will be included with your order or sent to you free upon request.

How Fall Roses Are Forwarded
The roses offered in this catalog are large, two year old, field grown bushes, thoroughly established in gallon containers. They are in full growth, insuring immediate results and complete satisfaction. In order that growth may not be checked we advise forwarding them in their containers by express, purchaser paying charges on arrival.

Where parcel post shipment is desired we will be pleased to forward in this way, removing containers and part of the soil before packing. When so ordered, additional remittance covering postage must accompany the order. Parcel post rates will be found on inside front cover of this catalog. Weight when packed averages 3 lbs. for each rose.

For nursery stock generally, including bulbs, we recommend having orders forwarded by express as our experience has shown this method to be most satisfactory, except on small packages.

Three Matchless Roses

Cuba—Vermillion scarlet on orange ground, a color that is so intense that it fairly sparkles. Flowers although semi-double, are unusually attractive. $1.00 each.

Mrs. Lovell Swisher—A new California rose of unusual merit. It is undoubtedly one of the best American raised roses and will take a high rank among America's most popular roses. It is a remarkably vigorous grower, well furnished with excellent foliage and produces freely long, shapely buds with nicely reflexed petals that develop into good double flowers. The color of the buds is a deep coppery salmon at the base, merging to salmon pink at the tips. As the flowers expand the color deepens to a coppery tinge toward the center. They are delightfully tea-scented. Strong two year old plants. Price, $1.00 each.

Plant Roses now, enjoy flowers in winter and spring.
Superb New Hybrid Tea Roses

The nine choice new Roses in this group are recent introductions by noted specialists in England, France and California. The varieties have been thoroughly tried out by us, and will prove a valuable addition to any rose collection, especially so because of the striking and novel shades which have been introduced.

Imperial Potentate—A splendid new rose of perfect form. Exquisite in bud and developing into large, very double, substantial flowers, very prolific and delightfully tea-scented. The color is a pleasing shade of deep, clear rose pink. It is one of the finest pink roses of recent years.

Mary Pickford—Named in honor of America's favorite screen artist. A California introduction of great merit. The color is novel and distinct, it is a beautiful orange yellow, stained on the reverse of the outer petals with salmon. In habit and growth it strongly resembles one of its seed parents, Souvenir de Claudius Pernet. The long, shapely buds are freely produced and open to fully double good sized flowers. Delightfully tea-scented.

Mrs. W. C. Egan—The color is a lovely shade of two-toned pink, shading through deep fleshy to golden yellow at the base of the petals. The contour of its long, pointed buds and the splendid formation of the open bloom with its glorious combination of colors, its fragrance and robust free flowering habit, will insure for this splendid variety a well deserved and lasting popularity.

Etoile de Feu—Very distinct and attractive large, substantial globular buds expanding to large, cupped, full to center flowers, of a rich flaming orange-pink with flame colored shadings, borne profusely throughout the season. The plant is of vigorous, free habit with attractive glossy foliage.

Felicity—A rose of popular distinction and high quality. The large cupped flowers are very freely produced on bushy strong, vigorous habit; color a beautiful mallow pink, shading to cerise towards the edges of the petals, a rich, warm and attractive shade.

Shot Silk—One of the most beautiful of Alex. Dickson & Son's introductions which was awarded the gold medal of the National Rose Society of England. Color orange-rose, overshot with golden-yellow and flushed soft rose, bud of beautiful shape, the open flowers cupped with reflexing outer petals; growth vigorous and free with beautiful foliage. A sweetly scented rose of exceptional merit.

Angelo Pernet—Brownish orange shaded copper, red and yellow. A free and persistent bloomer, beautiful foliage and fragrant. Long pointed buds.

Betty Uprichard—Coppery red buds, open flowers, orange carmine outside, delicate salmon inside. A very free bloomer.

Lady Florence Stronge—An entirely new, distinct and novel color; a reddish prawn to violet old rose shading to yellow at the base and pink towards the edge, the inner surface of the petals heavily veined and flushed scarlet, the flowers are large, full with high centres and fragrant.

Mrs. C. W. Edwards—Rich rosy-scarlet overlaying an orange ground, the base of the petals prettily zoned citron-yellow which runs in faint veining into the higher colors; a novel color combination. Large, full, fragrant flowers.

Price: Any of the above, $1.00 each.

Six Grand Hybrid Teas

These are among the grandest and most popular roses in cultivation and no collection is quite complete without them.

Hadley—Rich, glorious red, shading to velvety purple. Flower is double, of fine form, and very sweet. Practically every bloom comes perfect and it is a gem for cutting.

The Wonderful Prize Winning Rose "Los Angeles"—It is a rose without a fault. It is strong in growth, sending out enormous canes clothed with dark, handsome foliage. The foliage is mildew proof. It is hardly,delicately fragrant and ravishingly beautiful. The buds are long and pointed and expand to a flower of glorious size. Its color is an indescribable tone of flame pink.

Hoosier Beauty—In our opinion, one of the finest red hybrid tea roses in existence. A rose of American origin and one which easily outdistances most others on the market.

Miss Lolita Armour—The color may be briefly described as follows: Chrome yellow at the base, shading to burnt orange and copper. The reflex of the petals is chrome yellow at the base, shading to bright salmon with brilliant copper suffusion. The flower is quite double.

Padre—An exquisite new variety in a color that is distinct from any other. The bud is long and pointed, borne on a strong stem with dark foliage. The color is a beautiful shade of coppery orange crimson with yellow shadings at the base of the petals.

Souvenir de Claudius Pernet—Both bud and bloom are clear sunflower yellow, unstained by any other color, and are attractively formed. As the flower ages, the outside petals become light sulphur-yellow. A vase full of these glorious yellow blooms is like a bouquet of captured sunshine.

Price: Any of the above, 85c each.

We advise forwarding Roses [28] and Nursery Stock by Express.
Fifteen New and Famous Roses

On this page we have listed many newer roses and varieties which are famous wherever good roses are grown. Every sort in the collection is a gem in form and color and worthy of a place of honor in every beautiful rose garden.

Price: Strong two year old plants, 85c each.

Constance—With real golden yellow flowers of medium size, of fair, globular form. Constance was a step in advance toward the perfect yellow rose. Bagatelle Gold Medal.

Edel—New. An enormous, bold, stately, well formed flower of great depth and quality. Color white with ivory shadings toward the base, passing to a pure white. The plant is a good grower and free bloomer.

Golden Emblem—Flower with high pointed center; tea perfume. Growth free and branching with splendid constitution, deep glossy green foliage, stout stalks and mildew-proof; extra perpetual flowering. One of the best yellow roses grown.

Black Prince—Intensely dark crimson approaching black. Flowers cup shaped, large and full. Extremely hardy and fragrant.

Lady Alice Stanley—A gem in every way; form, color, size, freedom of bloom and fragrance; in color a beautiful shade of coral-rose, shading to flesh-pink.

Louise Catherine Breslau—Astonishing in color. Salmon-red buds, opening to large flowers of orange-pink, glowing with yellow and copper. Double, but open cupped form when fully expanded.

Lulu—A new rose of English origin and considered by us to be the best of its kind. The color is a pure apricot, the buds being long and pointed, and quite similar to Irish Fireflame in form, but with twice as many petals.

Felicity—A fine cerise pink of high quality that is one of our finest fall roses. Stems are exceptionally long. Flowers are cupped, freely produced.

ETOILE DE FEU

Golden Ophelia—A golden yellow that is one of the finest cut flowers. Buds are long and pointed. Foliage deep green, a free flowering sort.

Mrs. Henry Morse—One of the best pink varieties of recent introduction. Color two contrasting tones of pink with an underlying yellow glow, flowers large, full and very high pointed, fragrant and very free flowering.

Mrs. H. R. Darlington—A long felt want in a white rose. Buds are creamy white, but turn to pure white as the flower expands. A rose of delightful fragrance and beautiful form. A very desirable variety in every way. Awarded the Gold Medal by the British National Rose Society.

Souvenir De George Beckwith—A gaily colored Rose of recent introduction, combining salmon-pink and yellow shades. Flowers are large, globular, and quite lasting. It has proved to be a vigorous grower, producing an average number of exquisite flowers that are splendid for cutting as they keep well for a long time.

Souvenir de Georges Pernet—Flower of beautiful Orient red color, the end of petals cobineal carmine, shaded with yellow, very large, full and globular, oval bud carried on erect stem.

Souvenir de H. A. Verschuren—A new variety that is bound to attract a lot of attention. The color is deep golden yellow. Flowers are double and intensely fragrant. Stems are long and stiff. A very fine variety. Stock scarce.

Una Wallace—A beautiful shade of soft cherry rose without any shading. It is a very strong grower and a free bloomer, has excellent foliage and perfect form. It is exceedingly fragrant.
GERMAIN'S CALIFORNIA

Roses of Quality

GENERAL COLLECTION OF BUSH ROSES

On this and the succeeding page will be found a complete selection of the best and most popular bush roses in general cultivation at the present time. All varieties here listed have been fully tested and have been found thoroughly successful.

There is not a variety included that we cannot recommend as possessing superior merit and all who wish a supply of extra choice flowers throughout the season can select with perfect confidence any number of varieties from this collection.

THE ROSES IN THIS COLLECTION ARE ALL 65 CENTS EACH

American Beauty—One of the best Roses for the hot interior sections of the Western United States. Does magnificently in Arizona, Imperial Valley, etc. Throws especially fine, large blossoms during early fall and spring.

Betty—Copper Rose, shaded to golden yellow at the base. Buds long and pointed.

Cecile Brunner—This is the popular Baby Pink or "Sweetheart" Rose. In the past year or two this Rose has fairly jumped into popularity. It has become quite the rage. It makes a handsome miniature Rose, coming in sprays of three to five buds. Color, blush, shaded light salmon-pink; distinct and desirable.

Clara Watson—Pearly-white center tinted with pale rosy-peach; a free and continuous bloomer.

Columbia—A Rose which is popular with all cut flower buyers throughout America. In color a delightful shade of rose pink. In outdoor planting the bushes attain a moderate height and blossom freely through a long season.

Crimson Queen—Flowers large, of a bright velvety crimson, a strong grower and a continuous bloomer. Fragrant, and fine for cutting.

Duchess of Wellington—Intense saffron yellow, stained crimson. As the flower ages it becomes a deep saffron yellow. Blooms fairly full, buds long and pointed, very free flowering. Exceedingly fragrant.

Etoile de France or Star of France—A brilliant shade of clear red-crimson velvety, centering to brilliant cerise; large flowers on long, stiff stems; remarkably vigorous, free-blooming and hardy, with bronze-green foliage.

Frau Karl Druschki or White American Beauty—An ideal hardy white Rose, pure white in color. A remarkably vigorous grower. Free flowering to a degree. In our opinion, the best of all white Roses.

Gen. McArthur—One of the most popular and freest blooming of all red garden Roses. Color is a bright rosy crimson. It is not subject to mildew. Especially valuable for bedding purposes.

George Ahrends or Pink American Beauty—This is the wonderful "Pink American Beauty." The growth and make-up of the plants is superb, while the delicate pink color is unapproachable.

General Jacqueminot—A celebrated and much sought after variety, both for planting out and pot forcing; shapely buds and handsome blooms of bright, shining crimson, rich, brilliant, velvety and fragrant. Everybody knows and wants the "Jack" for its all round good qualities.

Irish Fireflame—A very large, single flower of deep madderly orange, opening from spiral buds, passing to rich scarlet, old-gold veined with crimson.

Juliet—A wonderful combination of orange, scarlet, salmon, gold, etc. By way of color is one of the most sensational Roses ever introduced. Hardy in all sections. Especially fine in early Spring and late Autumn.

La France—Silvery rose, with pink shades and satin-like petals of unsurpassable beauty; large, symmetrical and deliciously fragrant blooms from June until frost; hardy with protection.

Lady Ashton—Rose-pink, shading to silvery pink, with touches of yellow at base of petals and a silvery-pink reflex; large, full, well-formed flowers with high pointed center.

Nuvida Lawn and Garden Fertilizer
Roses of Quality

GENERAL COLLECTION—Continued

Maman Cochet—Deep rose-pink, inner side of petals silvery rose; very double. Extra strong grower; fine bloomer. The finest Rose by far that has been introduced for a long time. We can confidently recommend it.

Mme. Butterfly—A sport from Ophelia which it closely resembles, but it is much better in color and blooming qualities. A refined bloom of salmon-pink suffused with apricot and yellow. A splendid cut flower variety.

Mad. Edouard Herriot—The famous Daily Mail Rose. Winner of the $5,000 prize at the International Horticultural Exposition held in London, England. Buds coral red shade with yellow at the base. Open flowers of medium size, when fully expanded they take on a superb coral red color.

Mme. Abel Chatenay—Lovely shade of salmon pink, especially useful as a winter blooming Rose, in the warmer sections of the country. Buds and open flowers ideal as to form.

Mme. Caroline Testout—Satin pink. Flowers beautifully cup-shaped and intensely fragrant.

Mme. Leon Pain—Flower silvery flesh, center yellowish orange, large, full, sweet, elongated bud opening well. Growth vigorous, very floriferous. Very good.

Mrs. Charles Russell—No other forcing Rose except “American Beauty” can compete with it when it comes to counting points. Stems three feet long, stiff and surmounted by grand, rosy-pink blooms of largest size and build.

Mrs. A. R. Waddell—Reddish apricot toned with salmon. An odd type in roses, the petals being somewhat loose and irregular in formation. As a garden Rose it is without an equal. Before the buds expand it is ideal for cutting purposes.

Old Gold—The tint is a vivid reddish-orange with rich cuppery-red and cuppery-apricot shadings.

Ophelia—A Rose which has made a record for itself as a cut flower variety, and is admired by everyone. It is perfect in form, large in size and of a most pleasing delicate tint of salmon flush with rose shadings.

Radiance—A Rose of American origin and to our mind one of the best varieties in cultivation today. Buds long and pointed, expanding to blooms of enormous size. Similar in shape to Caroline Testout, but in color deep rich rose pink.

Red Radiance—A sport from the well known pink form. Flowers equal in size, but of a deep, rosy red color. Buds and open flowers of mammoth proportions. Deliciously fragrant; a constant and free bloomer. An ideal Rose for cut flower purposes.

PRICE: ANY OF THE ABOVE VARIETIES, 65 CENTS EACH

Rose Marie—Amongst the various Roses which we have had under trial, there are but few more meritorious than this magnificent American novelty. The buds are long and pointed, the petals large and well-rounded, and the open bloom ideal as to form. The color is a delightful shade of pure pink. Highly recommended.

Prince de Bulgarie—Silvery-flesh, very delicately shaded with salmon, long bud opening to full cup-formed flowers.

Ulrich Brunner—Color a rich cherry crimson. Produces its blossoms on the end of the canes. These may often be cut with a stem length of three to four feet. Especially fine during the early spring and late autumn months.

Winnie Davis—Brilliant apricot pink. Reflex has lighter tints giving it a very handsome appearance. Buds are long, of fine form. Foliage bright green. One of the best.

Sunburst—Orange-copper on golden-orange and golden-yellow, all intense shades, giving an extremely brilliant effect. A giant Rose, long stems, long, pointed buds, vigorous and healthy, with splendid keeping qualities as a forcer and also an excellent bedder.

White Maman Cochet—An exact replica of the pink with the exception of color, which is pure creamy white with tinting of pink.

Wm. F. Dreer—the flowers, which are similar in shape to Los Angeles, and like that variety, beautiful in all stages of development, are at their best in the half-expanded flower. These, in expanding, are of a soft, silvery shell-pink, the base of the petals are a rich golden-yellow which, at certain stages of development, gives a golden suffusion to the flower.
EXTRA CHOICE CLIMBING ROSES

The climbing roses listed on this page, many of them of recent introduction, are among the finest in cultivation today. Several will be recognized as varieties which are already world famous as bush roses and are now being introduced in climbing form. All are outstanding sorts of superior merit, noted for the size and beauty of their flowers, their fragrance, free flowering habit and vigorous growth.

The Following Climbing Roses are 65 Cents Each

Climbing American Beauty—Crimson flower 3 to 4 inches in diameter; well formed, fragrant, strong grower, holds foliage late; blooms in May and June and occasionally during the summer.

Banksia Yellow—Small, double sulphur-yellow flowers in clusters. A vigorous grower.

Climbing Belle Siebrecht—This rose is known in England as Climbing Mrs. W. J. Grant, Imperial pink, large and beautifully formed. Sweetly perfumed.

Climbing Cecile Brunner—One of the strongest growing roses. Bright clear pink in color. Probably the most popular climber.

Dorothy Perkins—Too well known to need description. Beautiful deep pink flowers, borne in clusters. Vigorous and hardy.

Dr. W. Van Fleet—A rose which, on account of its dainty color and exquisitely shaped buds and petals, has become a great favorite. The long, pointed buds are of a rich flesh-pink on stems 12 to 15 inches long; splendid for cutting. A strong, vigorous grower.

Climbing General McArthur—Bright crimson; notable for its fragrance. The buds are well shaped, the open flower usually full and of fair form. It blooms persistently and is especially fine in autumn.

Climbing Frau Karl Druschki or White American Beauty—A new rose destined to prove very popular. Flowers similar to the bush variety.

Gold of Ophir—A Splendid climber, color combination of copper, carmine and salmon. Very popular and beautiful.

Climbing Grus an Teplitz—A perfect sheet of crimson when in bloom. It is the same as the bush Teplitz.

Climbing Pink Killarney—A vigorous climber, otherwise possessing all of the splendid qualities of the parent Killarney.

Climbing La France—A beautiful rose with its color of silvery rose and pink shades. Large and fragrant blooms. Similar to the bush variety.

Climbing Lady Ashtown—Similar to the bush variety. Color rose-pink, shading to silvery pink. Long pointed buds, very free flowering. Should be in every garden.

Climbing Lady Hillingdon—Identical with the bush variety except in habit. Long pointed buds of deep yellow, very free blooming.

Climbing Mme. Caroline Testout—Beautiful glowing pink, identical flower with its parent namesake a rampant climber.

Climbing Maman Cochet—No rose we grow is so popular as Maman Cochet. Here we have an exact counterpart of that popular variety, except that it is a vigorous climber.

Paul’s Scarlet Climber—It is a climber with splendid foliage and glorious vivid scarlet flowers. These are borne in wonderful profusion. A plant in bloom arrests the attention at once. Although only introduced a few seasons ago from England, it has already taken a high position amongst hardy climbing roses.

Silver Moon—Pure white with clear yellow stamens. A beautiful single rose, very large and free blooming. Glossy bronze green foliage.

Tausendschoen or Thousand Beauties—Bright clusters of blossoms varying in color from flushed white to rosy carmine. A vigorous, hardy climber with few thorns.

Reine Marie Henriette—Deep cherry-red. This rose takes the lead as a climber.

Climbing Souvenir of Wootton—Velvety red; same in bloom as the bush Wootton, from which it is a sport; vigorous; profuse with splendidly formed flowers.

Climbing White Maman Cochet—Here we have a climbing form that will become as popular a climber as its parent has as a bush rose. Grand, huge white flowers, tinged pink.

Climbing Winnie Davis—A sport from the bush variety. Similar to it in all characteristics. Apricot pink color and long buds of fine form.

Eight New and Rare Climbing Roses at $1 Each

Climbing Hadley—The well-known rose now in a climbing form. In color it is a deep velvety-crimson, retaining its brilliancy at all seasons of the year. The variety is double and buds are well formed.

Climbing Hoosier Beauty—A new rose, being the climbing form of the popular bush variety. Big torch-like blooms of dusky red, opening from glowing slender buds; quite double, with wide-spreadling butterfly petals surrounding an exquisite center.

Climbing Kaiserin Augusta Victoria—A strong and rapid grower. Plants bloom continuously throughout the season, and the lovely white flowers are magnificent beyond description.

Climbing Louise Catherine Breslau—A really astonishing color with coral red buds, long and oval-shaped, opening to large double flowers of a remarkable combination of color, orange pink with a suffusion of yellow and copper.

Climbing Los Angeles—The ever popular bush Los Angeles now in a climbing form with the same extreme beauty of its well-formed flowers, alike attractive in bud and bloom, and showing shades of salmon-pink, apricot and orange almost impossible to describe.

Climbing Mrs. Aaron Ward—This is a most delightful rose, with its frilly petals and varying but always exquisite color. In cool seasons, and on first opening, it is rich, golden fawn, but in bright sunlight it quickly changes to soft pink and white. Flowers are not large, but gracefully formed, fully double, and quite fragrant.

Climbing Sunburst—A true Sunburst of vigorous climbing habit. An entrancing rose of exquisite color—brilliant orange—yellow in center, paling to buff. Can be recommended as a fine climbing yellow.

Germain’s "Roses of Quality" [32] are all two years old, field grown.
GERMAIN'S CHOICE

Perennial Plants and Roots

CANNAS

Cannas are the most easily grown and most useful bedding plants we have. They thrive in any soil, but respond quickly to good treatment. Spade the Canna bed to a depth of 2 feet, incorporating any fertilizer that may be handy, and keep the plants well watered. The results will be surprising. The following varieties have proved successful in every way:

The President—The greatest red canna. It is neither a crimson nor a scarlet, but a glowing pure red which colorists call vermillion. Green leaves, 4½ ft. 25c each; $2.50 per dozen.

The Ambassador— Appropriately referred to as the “Bronze Leaved President,” a wonderfully vigorous free-flowering brilliant cherry red. 5 ft. 25c each; $2.50 per dozen.

Cheerfulness—Its name aptly describes the lively beauty of this charming variety. Bright fiery deep orange florets which are broadly bordered golden yellow. The large trusses are carried very erect over the massive foliage and are produced in great profusion. 4½ ft. 25c each; $2.50 per dozen.

Rosea Gigantea—Large flowers in great abundance; the individual petals are often 2½ inches across, of a deep rich rose, almost a coral carmine. 4 ft. 25c each; $2.50 per dozen.

Hungaria—An ideal pink bedder, flowers large in good sized trusses produced very freely, color a beautiful clear rose. 3½ ft. 25c each; $2.50 per dozen.

Carmine Beauty—Bright deep carmine flowers produced freely in large trusses well above the heavy dark green foliage. 4 ft. 25c each; $2.50 per dozen.

Dazzler—Masses of fire-red flowers heightened by an orange suffusion completely cover the dark green foliage of this splendid and most effective variety. 3½ ft. 25c each; $2.50 per dozen.

Uhberg—Entirely distinct. The flowers expand very fully and are of a soft rosy carmine, the throat of the flower is of a creamy yellow as are also the edges of the petals. 4½ ft. 25c each; $2.50 per dozen.

Meteor—The rich crimson-red flowers form immense trusses of great beauty. They are borne well above the foliage and are produced in the greatest profusion. Green leaves. 5 ft. 15c each; $1.50 per dozen.

La France—A beautiful shade of La France rose with a touch of cream in the throat. Green leaves. 4½ ft. 15c each; $1.50 per dozen.

Queen Helene—Immense flowers of a rich golden-yellow spotted with vermillion. Green leaves. 4½ ft. 15c each; $1.50 per dozen.

Mrs. Alfred Conard—A popular variety, producing freely large trusses of exquisite shell-pink flowers. Green leaves. 4 ft. 15c each; $1.50 per dozen.

King Humbert—Perhaps the most widely grown of all cannas. The great orange-scarlet flowers surmount beautiful bronze foliage. 5 ft. 25c each; $2.50 per dozen.

San Diego—A true orange without red suffusion. Rich and velvety. Bronze leaves. 4½ ft. 25c each; $2.50 per dozen.

AGAPANTHUS

Umbellatus

Blue African Lily—Bearing clusters of bright blue flowers on stout stalks, similar to the Amaryllis in appearance and culture. Does well in sun or partial shade. 35c each; $3.50 per dozen.

GERMAIN'S SELECTION OF PERENNIAL PHLOX

Amongst the various herbaceous perennials, there are but few plants which grow with the freedom and blossom over such an extended period as the various Perennial Phloxes. Our collection of these comprise many of the new French varieties, all of which are marvels of beauty.

B. Comte—A splendid shade of crimson purple.

Bridesmaid—Pure snowy white ground, with a crimson eye.

Baron von Dedem—Cherry red.

Michael Buchner—Pale lavender, strong grower.

Mrs. Jenkins—Immense flowered, tall, pure white.

Pref. Scheleimann—Lilac rose.

Rynastrom—A delicate shade of soft pink.

Isahey—A beautiful shade of salmon pink.

Pantheon—Clear deep pink blossoms with a faint halo in the center.

Siebold—Distinct shade of orange-scarlet with red eye.

Price: Any of the above varieties, 25c each; $2.50 per dozen. The collection of ten complete for $2.25.

HEMEROCA LLIS

Day-Lily

Flava—(Lemon Lily). Flowers lemon-yellow, sweet-scented. Add color and charm to any garden, very free flowering, strong field division. 35c each; $3.50 per dozen.

Pulva—Coppery orange, shaded crimson. 35c each; $3.50 per dozen.

MOREA

Grandiflora—Handsome bulbous plants from the Cape of Good Hope. They are allied to the Iris and require the same treatment. The flowers resemble the Iris somewhat, but the standards are absent. In color they are white, shading to a light golden yellow in the center and with occasional touches of purple. 50c each; $3.00 per dozen.

VIOLETS

Princess of Wales—This popular long stemmed and fragrant variety is considered the best sort, does equally well in sun or shade, pot grown plants. 15c each; $1.30 per dozen.
Germain's
Improved
Japanese Iris

(Iris Kaempferi)

The latest improved varieties of this lovely flower obtained from Japan are marvelous in size and beauty. The flowers often reach a diameter of ten inches and the colors are most delicately blended and attractive, the petals being usually shaded, marbled or veined with contrasting tints.

Japanese Iris are very easily grown and form a striking permanent feature, either grouped in single beds, in the perennial border or at the edge of a pool or lily pond. Before planting enrich the soil and spade to a depth of 12 inches. They require a liberal amount of water, especially during the blooming season. It has been found effective and convenient to raise a four-inch ridge of soil around the beds, which may then be flooded whenever needed.

Iso-No-Nami—A suffusion of rose and blue over white deepened towards the gold blushed center to rosy lilac.
Koko-No-Iro—Royal purple with yellow center, radiating into lines.
Monji-No-Taki—Variegated bright rosy crimson feathered in white, double.

Purple and Gold—Large double purple flowers, gold in center, often ten inches across.

Uchii—Cauerulean blue with golden center and white halo, standards white tipped blue.

Any of the above in strong field divisions 50c each; $5.00 per dozen

GERMAN IRIS

Twelve Superb Varieties

The varieties offered below, together with the choice varieties described on the next page, form a splendid and complete collection of these lovely flowers.

Arnols—Medium tall, vigorous grower. Standards bronze with purple falls.

Caprice—A perfect gem. Chinese violet with reticulations of white and deep purple.

Eldorado—Bronzy violet, reticulated and overlaid with bronze and passing to yellow.

Isoline—Lilac-rose suffused bronze; falls purple and bronze.

Jacquesiana—Standards bright coppery crimson, falls maroon. Remarkable variety.

Gypsy Queen—S, bronze; F, deep purple, reticulated at the base. A very showy and attractive Iris that should be in every collection.

Honorabilis—S, golden yellow; F, rich deep brown. Especially fine for massing.

Loreley—Perfect flower, ultramarine blue, bordered and veined sulphur yellow.

Princess Victoria Louise—Standard sulphur-yellow; falls rich plum, bordered cream.

Prosper Laugier—A unique variety, bronzy drab and velvety blackish maroon with pencilings of brown and yellow.

Rhein Nixe—Splendid sort. Standards pure white, falls violet with white margin.

Sherwin Wright—A rich golden yellow without marking or shadings. The best yellow yet introduced.

Price: 25c each, 3 for 70c; $2.50 per dozen.

GERMAN IRIS

GYPSY QUEEN

All Bulbs and Nursery Stock [34] are priced F.O.B. Los Angeles
Germain's Superb German Iris

When mention is made of Iris in American garden circles the picture that is brought to mind is far too often merely that of the common purple flag, or at most one or two ordinary variations of it. But as the newer, truly marvelous improved varieties are becoming better known to the more enlightened amateur, an enthusiasm is gripping the country which will place the erstwhile lowly Iris among the queens of the modern American garden. We strongly urge all flower lovers who have not become acquainted with these superb new strains to choose from the selected varieties described below as many as their available garden space will hold. Such a collection presenting many tall and stately flowers often growing over four feet in height, yet of a texture so airy that the delicately tinted petals appear translucent in their iridescent loveliness, is a lasting joy to the owner and a delight to the eye of all flower lovers.

Six Lovely Iris

Price: 50c each; $5.00 per dozen.
Dora Langdon—S. honey yellow; F. pale rose purple, conspicuous orange beard.
24 in. 50c each.
Dream—A much wanted color. S. lilac pink; F. slightly darker, orange beard, perfect form and substance. Flower crinkled, long blooming and orchid like. 36 in. 50c each; for $1.25.
Ed. Michel—A tall ruffled flower of red purple, the tallest and best in the color class.
Very showy. 36 in. 50c each.
Lent A. Williamson—S. Lavender violet; F. velvety pansy violet. Large flower of perfect form and substance, beautiful golden beard. One of the finest irises. 30 in. 50c each.
Marion Mohr—A beautiful finished flower of soft glistening lavender, quite distinct and very desirable for dry plantings. 36 in. 50c each.
Parisiana—S. netted and dotted lilac on cream ground; F. cream white edged lilac purple. 30 in. 50c each.
Collection: One each of the six for $2.50.

Mother of Pearl

Standards and falls pale bluish lavender, with a faint creamy undertone. Large flowers of perfect form and exceptional substance. The creamy undertone of this exceptional substance often assumes the luster and iridescence which we see in the beautiful lining of many sea shells which produce Mother of Pearl. The plant is tall, a vigorous grower, and a profuse bloomer. The best Iris value of the year. 35c each.

Ten Varieties of Merit

At 25c each; $2.50 per dozen
Bertha—Delightful flower, unusual shade of Olive buff.
Caterina—Superb variety, a giant in height and size of flowers, color a beautiful even shade of lavender blue.
Candelabra—Lovely pale blue veined purple.
Jeanne D'Arc—One of the daintiest in existence. Pure white with blue penclings throughout the petals.
Leonidas—A very handsome, tall Pallida type. S. clear lavender; F. several shades deeper and hugging the stem, making the form an unusual but attractive one. Very large flower.
Lohengrin—Immense flower. Mauve and Violet.
Loute—Lavender and wine purple, dashed and striped with brown and orange.
Monsignor—Rich color, very free. Pale violet, overlaid and netted deep purple.
Mme. Blanche Pion—Standard bronze yellow, falls lavender blue with silver edge.
Nuee D'Orage—(Storm Cloud)—A striking color, greyish bronze and purple.

Nine Choice Iris

At 20c each; $2.00 per dozen
Albert Victor—A great favorite. S. soft blue; F. beautiful lavender. Large and beautiful flower.
Amas—Standards, lavender blue; Falls violet.
Crimson King—Reddish purple. Blooms almost continuously.
Florentina Alba—White tinged lavender. Very early.
Kharput—S. violet-blue; F. velvety dark blue. 26 in.
Mrs. Horace Darwin—S. snow-white; F. white, slightly reticulated violet at base.
Oriflamme—S. light blue; F. rich violet-purple.
Othello—S. deep rich blue; F. dark velvety purple.
Pallida Dalmatica—S. clear lavender-blue; F. deep lavender; very large; a superb variety. One of the finest of its class.

No Garden is [35] complete without Iris
ORNAMENTAL SHRUBS, TREES AND VINES

All plants listed are of gallon size unless otherwise noted. Prices are F.O.B. Los Angeles. Allow three pounds each for weight when ordering by Parcel Post. Except on very small orders it will be found more satisfactory to have all plants sent by Express, customer paying charges on arrival.

Abelia

Grandiflora—Free-flowering hardy shrub, 6 to 8 feet tall, with small, glossy green leaves. Flowers are tubular, almost an inch long, white fleshed, lilac pink. Blooms profusely and continuously all summer. 75c each.

Acacia

Baileyana—A small, handsome tree with glaucous green foliage. Flowers in racemes 3 to 4 inches long, yellow. One of the most beautiful of the Acacias; highly recommended for street planting. 75c each.

Floribunda—Ornamental, with very abundant handsome flowers, valuable for lawns, parks, etc. 75c each.

Melanophyllum—A well known black Acacia, now so much used for sidewalk planting. Fine, strong plants. 75c each.

Aralia

Sieboldii—A dainty variety of Aralia with dark, glossy green foliage. It does best in partial shade. May be used also as a pot plant for interior decoration. Strong plants. 75c each.

Arbutus (Strawberry Tree)

Uñedo—Handsome shrub with dark green foliage, delicate white flowers, followed in early winter by brilliant red strawberry-like fruit; edible. 75c each.

Buddleia (Butterfly Bush)

They are produced on the ends of long shoots. When the plant is in full bloom it is a thing of striking beauty. 60c each.

Callistemon (Bottle Brush)

Showy flowering shrubs, thriving perfectly in California. Flowers in the exact shape of a bottle brush, which gives the common name. Will thrive in very dry locations with little care or attention. Callistemons are variable in color, usually red, but very frequently run to pink. 75c each.

Chorizema

Chorizema Illicifolia—Australia. 3 feet. An attractive shrub with slender drooping branches, holly-like leaves and orange red flowers in loose racemes. It makes a low dense mat of foliage and blooms throughout the winter and spring. 75c each.

Coprosma

Baueri—A splendid shrub of prostrate habit and brilliant, glossy green leaves. This is an ideal plant for banking against the bases of buildings, etc., or for covering banks. It is one of the handsomest of all foliage shrubs. 50c each.

Cotoneaster

Handsome shrubs of wide use in both the home grounds and public parks; leaves somewhat small, glossy and of varying shades of green; flowers minute, usually white or pinkish white; berries of many hues and colors varying from orange to bright scarlet. Unexcelled for grouping, corner effects and for edging large plantings of shrubbery borders.

Pannosa—A very beautiful shrub of upright growth. Branches long, slender and slightly arched. Leaves deep rich green above and covered with silvery down beneath. Berries borne in great profusion in the fall are vermilion red. The branches loaded with berries can be cut and kept in water for weeks. 60c each.

Francetti—A recently introduced Cotoneaster, bearing during mid-winter, immense quantities of brilliant orange berries. The plant is more or less drooping in habit. A splendid plant for the great Southwest. 60c each.

Microphyllos—Low, flat, spreading, bright glossy green, very attractive. Covered in April with masses of tiny pink flowers and in the fall with minute, brilliant scarlet berries. The foliage also turns scarlet in winter. Fine for borders, rockeries or where a low, flat shrub is required. 60c each.

Crateagus

Large shrubs adapted to most any soil and situation; admired for their bright berry-like fruits (which remain on the plant until spring), white flowers and firm foliage. The genus is closely allied to the Cotoneasters, but is easily distinguished by their thorny branches.

Lalandii—Highly recommended. A splendid, free growing shrub that bears in fall great masses of orange-like berries. 75c each.

Crenulata—Brighter in the berries than the last named, a magnificent shrub. 75c each.

Yunnanensis—China. 8 feet. A variety of Pyracantha crenulata, but a more vigorous grower, with larger leaves. In the fall and winter there is nothing more striking than this plant with its dark glossy green foliage acting as a background for great masses of red colored berries. 75c each.

Eugenia

Myrtifolia—A splendid, bushy, tall growing shrub, closely related to the Myrtle; can be trimmed to any desired shape. Very handsome. 75c each.

Hookeriana—Similar, but larger foliage, more spreading habit and purple berries. Neeeds more trimming to attain compact specimen, but makes a very attractive shrub, especially when in fruit. 75c each.

Shrubs from Gallon Cans [36] grow on without check

ITALIAN CYPRESS

Dracaena

Dracaena Indivisa—Rather more common than australis, and a little harder; foliage narrower and longer, and of a slightly faster growth. Ultimately reaches tree form with irregular, spreading branches. Small plants often used alone or with other plants in hanging baskets, tubs and porch pots. 75c each.

Diosma

Ericoides—Often referred to as Breath of Heaven. Foliage exceedingly fine. Blossoms pure white, minute in character, but borne in great profusion. A shrub which should be in every garden. 75c each.

Cupressus (Cypress)

Arizona—A handsome blue Cypress of Arizona, unequalled for dry land plantings. Gallon cans, 35c each.

Italian—This well known Cypress is largely used in formal gardens, etc. The plants are columnar in their habit of growth. 60c each.

Macrocarpa—This is the native Cypress found in the district around Monterey. A splendid variety for seacoast planting, invaluable for parkways, etc., commonly called Monterey Cypress. Flats of 100 plants, $2.75. Gallon cans, 50c each.

Shrubs from Gallon Cans [36] grow on without check
ORNAMENTAL SHRUBS, TREES AND VINES—Continued

Genista (Broom)

A fast growing group of shrubs which brighten up the landscape with their brilliant masses of yellow pea-shaped flowers; valuable as a contrast to solid green shrubbery; unusually hardy and drought resistant.

*Genista canariensis*—"Canary Broom." A free flowering shrub attaining a height of from 6 to 8 feet. The leaves are small and the bright yellow flowers are produced in great profusion. 50c each.

*Genista fragrans*—(*Cytisus racemosus*). "Sweet Broom," Canary Islands. Six feet. A delightful spring and summer flowering shrub with many small grass-green leaves and absolutely covered when in bloom with pea-shaped bright yellow flowers. The best of all the Brooms for general use. 60c each.

Hydrangea

One of the most popular shrubs in existence and grown practically all over the world. Produces immense clusters of pink flowers. By the addition of iron to the soil in which they are growing the flower will take on a pale blue cast. 50c each.

*Lagerstroemia* (Crepe Myrtle)

Indica—One of the handomest of all deciduous flowering trees. Flowers are borne in large racemes and brilliant orange-red, tassel-like flowers at the joints of the stems. Very fast growing and a novel, distinctive shrub. 50c each.

Laurustinus

An excellent shrub that blooms early in the spring, makes a wonderful hedge plant, or for massing with other shrubs. 60c each.

*Lemon Verbena*

"Lemon Verbena." A fast growing shrub with delightfully fragrant foliage; bears minute flowers in delicate pyramidal spikes. 60c each.

Leonotus

Leonurus—"Lion’s Tail." A very showy soft wood shrub with hairy stems and brilliant orange-red, tassel-like flowers at the joints of the stems. Very fast growing and a novel, distinctive shrub. 50c each.

*Leptospermum*

Laevigatum—A lovely Australian shrub with long, weeping branches, densely foliaged with small whitish green leaves. During the Spring the plants are literally covered with minute white flowers. Attractive both in and out of bloom. 75c each.

*Ligustrum* (Privet)

*Nepalense*—This is the most popular plant for hedges, can be trimmed to any desired height. Flats of 100 plants, $2.50. Gallon cans, 50c each.

*Golden Privet*—Same as above in form with beautiful yellow and green foliage. Flats of 100 plants, $3.50. Gallon cans, 50c each.

*Myrtus* (English Myrtle)

*Communis*—A splendid dwarf evergreen plant suitable for borders or hedges, also of equal value if allowed to grow into specimens. Bears masses of fragrant pure white flowers. Gallon cans, 75c each.

*Communis Microphylla*—Identical with the preceding, but with much smaller leaves. Gallon cans, 75c each.

*Nandina*

Domestica—This shrub from Japan makes one of the most beautiful of all lawn specimens, or it may be treated as a potted plant for indoor ornamentation. The leaves take on rich Autumn colors in the Fall, of red, copper and brown, at which time it is exceedingly attractive. Extra fine plants, 75c each.

*Oleanders*

These make beautiful specimens in a short time and are practically ever-blooming. They will stand several degrees of frost without injury. Of splendid value for such locations as Arizona, Texas, and generally speaking, the Southwest, where the temperatures do not go too low. We can offer them to you in the following colors: Cerise, Salmon, White, Pink. Price, 60c each.

*Pampas Grass*

A very ornamental plant bearing silvery white plumes; valuable for certain locations on lawn, among other shrubbery or around pools. 60c each.

*Philadelphus* (Mockorange)

Very handsome and vigorous growing shrub with large foliage and beautiful flowers, which are produced in great profusion the latter part of April and early May.

Coronarius—(Sweet Mockorange). Flowers pure white, very sweet, produced in great profusion. 60c each.

PLANTING INFORMATION [37]
ORNAMENTAL SHRUBS, TREES AND VINES—Continued

CLIMBING AND TRAILING PLANTS

Amelopsis

Well known deciduous vines climbing by tendrils. All assume most gorgeous autumnal tints.

Quinquefolia (Virginia Creeper)—Very well known. Leaves large with five leaflets. Flowers bright red in clusters. 25c each.

Veitchii (Boston Ivy)—Perfectly distinct from Virginia Creeper. Leaves on young plants are divided into three separate leaflets, but on older plants are merely three-lobed. Foliage is dense and very glossy. Tendrils furnished with small discs, which adhere tenaciously to brick, stone or even wood. Foliation turns red in Fall. 75c each.

Bignonia (Trumpet Flower)

These beautiful plants are deserving of more attention than they have received. Their flowers are large, showy, of the most delicate shades and colors. For covering walls, rocks, trellis work, or for climbing trees they have few equals. We consider the following the best varieties:

Chereere, Red. McKennii, Pink. Capensis, Orange scarlet. Tweediana, Yellow. 75c each.
Radicans, Orange red, very hardy. 60c each.

Ficus

Repins—Extremely handsome evergreen climber with about same habit as the well known Boston Ivy. It adheres closely to walls by its clinging tendrils. Leaves are small, dark green and heart-shaped. Perfectly hardy. Plants in pots. 20c each.

Hedera

English Ivy—The well known species with very dark green, leathery leaves, usually about five-lobed. Old vines have greenish flowers and black berries in clusters on lower part of plant. small plants, 15c each; $1.50 per dozen; gallon cans, 50c each.

Jasmine

Officinala—Slender vine with finely divided pinnate leaves and numerous small, white, fragrant flowers. Summer bloomer. 75c each.

Prunulus—A recent and very valuable introduction. It is not only the fastest growing Jasmine, but the quickest-growing climber. Flowers clear primrose yellow. 75c each.

Honeysuckle

Growth extremely strong. Old leaves dull green. New growth is reddish purple on branches and backs of leaves. Flowers white inside, purplish outside. One of the best vines where rapid growth and a dense mass of foliage are desired. 50c each.

Muehlenbeckia (Wire Vine)

Muehlenbeckia complexa—"Maiden Hair Vine." Rapid growing, twining vine, with dark wiry stems and tiny round leaves. Strong plants. 75c each.

Wistaria

One of the prettiest climbing vines. Has long racemes of pea-shaped flowers that almost cover the plant in early Spring. Grafted plants in white and purple. $1.50 each.

FERNS

Asparagus Ferns

Plumosus—Used extensively for mixing with cut flowers, grows best in the shade, responds to good rich soil. 30c each; $2.00 dozen.

Sprenger—Used for hanging baskets, etc. 20c each; $2.00 dozen.

Sword Fern

A great favorite for outside planting as well as for pot culture. 20c each; $2.00 dozen.

Woodwardia Fern

The Giant Brake or mountain fern grows to a height of 6 feet, requires a moist shady place for best results. 50c each.

Plumbago

Capensis—A tall growing, drooping shrub that is covered practically the entire year with sky blue flowers, does best in a sunny position. 60c each.

Veronica

A compact growing class of shrubs that are hardy and adaptable to sun or shade.

Decussata—Rather dwarf. Leaves medium sized and closely set. Flowers large, violet blue. An excellent plant. 60c each.

Imperialis—Growth strong and rather vigorous. Leaves large, dark green with purple margins and midrib. Flowers amaranth red. Very handsome. 60c each.

Weigela (Diervilla)

Hardy, profuse-blooming shrubs of spreading habit. They are among the showiest of the garden shrubs, producing in early April great masses of showy flowers.

Rosa (Pink Weigela)—Flowers are light pink; compact grower, fine bloomer. 75c each.

Eva Rattle—Flowers red. 75c each.
**VEGETABLE SEED LIST**

There are a number of vegetables that can be planted in the fall. We recommend the following varieties knowing that you will obtain excellent results if the seed is planted and cared for.

For descriptions, planting instructions and complete list of Vegetable Seeds, see our general catalogue. A pamphlet giving cultural directions for any of the varieties listed may be had on application.

All lists are postpaid.

Vegetables from your own garden are the best on earth.
PREMIUM GRASS SEEDS

FOR LAWNS, ESTATES, PARKS, ATHLETIC FIELDS AND GOLF COURSES

A bright, velvety, well-groomed lawn is the first essential of an attractive home. Furthermore, it adds hundreds of dollars to the value of any property. However, just sowing any kind of grass seed will not produce a lawn of this character. The highest grade of reconditioned grass seed must be planted if good results are to be expected. If heavy, light weights and impure seed is sown, a ragged and weedy lawn will result. If heavy weight, extremely pure and thoroughly reconditioned seed is sown, your lawn will be a thing you will be proud of. Germain's "PREMIUM" Lawn Grass Seeds are thoroughly reconditioned in our own specially built grass seed cleaning plant, which is the most complete in the West—and are therefore extremely pure, high in germination and free from weed seeds.

VARIETIES OF LAWN GRASS SEED

Kentucky Blue Grass Seed (Poa Pratensis)—Premium Grade—Grown from specially selected strains in carefully selected fields, and thoroughly reconditioned to remove chaff, impurities and weed seeds. This seed will give the highest germination. Plant at the rate of 1 lb. to 200 sq. ft., 75c; 10 lbs., $7.00 postpaid.

White Clover (Trifolium Repens)—Premium Grade—We import our Premium grade of White Clover Seed from European sources, where the finest grades of White Clover Seed are grown—and then thoroughly recondition this seed to make doubly sure that it is of the highest quality. Plant at the rate of 1 lb. to 200 sq. ft. Price per pound, 80c; 10 lbs., $7.50 postpaid.

Kentucky Blue Grass and White Clover Mixed—This favorite lawn seed mixture is made up of Premium Grade seeds, mixed in the right proportion. We recommend this mixture as being the most satisfactory in general, for making new lawns. Plant at the rate of 1 lb. to 200 sq. ft. Price per pound, 75c; 10 lbs., $7.00 postpaid.

Pacey's or "Pacific" Rye Grass (Lolium Perenne Pacey)—Similar to Australian Rye Grass only it produces a finer blade and is therefore often preferred to the latter. Price per pound, 75c; 10 lbs., $7.00 postpaid.

"Poa Bulbosa" or Bulbous Blue Grass—This variety cannot be planted alone, but should be planted in lawns where Bermuda Grass is present, for it produces a beautiful green lawn in the winter months, from about October 1st to the end of April, when the Bermuda Grass lawns in Southern California turn brown. However, in the warm summer months the bulbs remain dormant in the soil—growing again in the fall. The planting of Poa Bulbosa, therefore, results in a green lawn the year round. Write for our special pamphlet on this variety. Where sown on established lawns, sow as closely as possible, rake lightly and broadcast Poa Bulbosa at the rate of about 3 to 5 lbs., 1,000 sq. ft.

Price of Poa Bulbosa, per pound, $2.50; 10 lbs., $22.50 postpaid.

BENT GRASS SEEDS

(For Fine Lawns and Golf Greens)

Bent Grass Seeds for lawn purposes have been coming into some popularity during the last few years, especially for larger lawns and estates, where much care and attention is given to the lawn. Bent Grasses produce a very fine, beautiful and velvety lawn, but must be cut at least twice a week, as otherwise they will produce a rank and clumpy growth. Bent Grass lawns also should be top-dressed every four months. Mow the lawn closely, mix equal parts of good, rich soil and GROZ-HIT brand Sheep Manure and rake down the grass with the back of a rake, covering the grass not over one-quarter inch. Bent Grass Seeds should be sown at the rate of about 4 pounds to every 1,000 square feet. Write for our special pamphlet on Bent Grasses—it gives full details regarding the planting of and caring for Bent Grass lawns.

Of the many varieties of Bent Grass Seeds, we have selected the following as the most satisfactory for lawns in Southern California:
Seaside Bent (Agrostis Maritima)—also often called Coos County Bent, because most of the seed is grown in Coos County, Oregon. This is a true creeping bent, and makes a very smooth, uniform lawn. Extreme care must be taken in purchasing this seed, as there are so many swamp grasses and other weed seeds in the district where the seed is grown. Our stock of Seaside Bent is carefully reconditioned in our own specially constructed seed cleaning plant, and is extremely pure and free from weed seeds. Price per lb., $2.50; 10 lbs., $24.50 postpaid.

"Nothing is more pleasant to the eye than green grasses kept finely shorn."—Bacon.

If you wish us to mail you AUTUMN CATALOG of Bulbs and Flower, Vegetable and other Seeds for Fall Sowing, mark X in the square. Issued August 15th.
WRITE FOR OUR SPECIAL BOOKLET ON LAWN GRASS SEEDS. IT GIVES COMPLETE INFORMATION REGARDING THE MAKING OF AND CARING FOR BLUE GRASS AND CLOVER AND BENT GRASS LAWNS.

Colonial Bent (Agrostis Vulgaris)—Also often called “Rhode Island Bent”—characterized by the flat, narrow blades and is slightly creeping qualities which make a very smooth and velvety lawn. Our seed is grown in New Zealand and is carefully cleaned. It does not contain injurious weed seeds and is the highest grade of Bent Grass available, as far as purity, growth and freedom from admixtures of other grass and weed seeds is concerned. It produces an excellent lawn the year round at less maintenance cost than any other Bent Grass. Price per lb., 75c; 10 lbs., $7.00, postpaid.

South German Mixed Bent—This is an admixture of Bent Seeds, containing mostly Colonial and some Velvet Bent. Our variety is of the highest quality and is carefully recleaned. Price per lb., $1.65; 10 lbs., $16.00, postpaid.

VARIETIES OF GRASS SEEDS

Used Principally for Golf Courses—Write for Quantity Prices

Red Top (Agrostis Alba). A fine bladed grass that is often used in mixture with Kentucky Blue Grass for putting greens and tees on golf courses. It also makes an excellent lawn grass. Price per lb., 60c; 10 lbs., $5.00, postpaid.

Hard Fescue (Festuca Duriuscula)—Produces stiff, upright leaves, usually used in mixture with other varieties for golf course greens and tees. Price per lb., 55c; 10 lbs., $4.75, postpaid.

Red Fescue (Festuca Rubra)—Grows well in dry, sandy soils. Produces stiff and upright leaves and roots deep extensively. Used in golf course putting green mixtures, also on tees and fairways. Excellent for lawn purposes. Price per lb., 60c; 10 lbs., $5.30, postpaid.

German Fescue (Festuca Lisiatherum)—Used extensively on putting greens and fairways and tees on golf courses, and does well on most any kind of soil. It also produces a stiff, upright plant. Price per lb., 75c; 10 lbs., $6.00, postpaid.

Sheep’s Fescue (Festuca Ovina)—Produces stiff leaves. Used chiefly on golf course tees, fairways, bunkers and on “the rough.” Price per lb., 92c; 10 lbs., $9.00, postpaid.

Note on Grass Seeds For Golf Courses.

Care must be taken to sow only the highest qualities of recleaned grass seeds on golf courses, in order to avoid the trouble and expense of reseeding costs and the weeding of greens, tees, and fairways. Germain’s “Premium Brand” seeds have been specially recleaned in our own grass seed cleaning plant, which is the most modern and complete in the west, to the maximum of purity and germination and they are free from weed seeds. The amount of grass seeds that should be planted for golf courses will run from about ninety pounds for the small fine seeds to three hundred pounds for the larger seeds, to the acre on fairways. For putting greens we recommend planting on the average of about one pound to every 150 square feet. We have not listed prices on large quantities of grass seed such as are often purchased by golf clubs. These prices will vary according to market conditions and will always be as low as is consistent with the market and the quality. Kindly write us for special quotations in larger quantities than indicated above.

NUVIA LAWN AND GARDEN FERTILIZER

The verdict of all who have used the Nuvia Lawn and Garden Fertilizer is that it is the most complete and satisfactory Lawn Dressing ever placed on the market. It is manufactured by us and we guarantee that it contains all the elements required and in the proper proportions to produce a luxuriant growth. It is a clean, odorless material and can be applied without offending one’s sense of smell or sight. Being quick in action, the effect can be noticed within a very short time by the rich green coloring and that velvety appearance so much sought after. Its superiority over stable manure can scarcely be estimated, as the latter, in addition to disfiguring the lawn by its unsightly appearance, also gives out an unpleasant odor, and always contains weeds and other undesirable seeds. Trial bags for 300 sq. ft., 10 lbs., 60c; 25 lb. sack for 750 sq. ft., $1.25; 50 lb. sack for 1,500 sq. ft., $2.25; 100 lb. sack for 3,000 sq. ft., $4.00. Write for Nuvia pamphlet.

BERMUDA RAKE

This tool is all machine made, with all working parts detachable, and the metal of each part selected for its particular use. The angle of the teeth, and its weight, keep it in the ground in the heaviest lawn. The sharp blades cut the grass in sections and the cross cutter bar completes the work. A lawn raked and cross raked is free of all runners and the work has left a perfect seed bed to sow clover or grass seed. Brown Bermuda lawns can be skimmed in the fall with this tool with a fraction of the labor necessary by any other method. Many lawns burn out in spots because the heavy soil has become imperious. Occasional use of the Bermuda Rake will so loosen the soil that it will again take water. Price, each, $3.00.

SEMESAN

FOR THE CONTROL OF BROWN PATCH ON TURF

Write for special booklet on this wonderful new preparation. Semesan is dusted or sprayed over the turf infected with this ugly, disease of fine grasses, and successfully controls it. For prices on Semesan, see Page 87.
